

# STOCKTON MAN IS NEW MINISTER AT NAZARENE CHURCH

The Rev. George Coulter of Stockton, Calif., will become pastor of the Medford Church of the Nazarene Sunday replacing the Rev. Fred M. Weatherford, who resigned recently to accept a pastorate in Portland. Rev. and Mrs. Coulter and children, Colleen, four, and Gary, five months, were expected to arrive here today.

For the past four years Rev. Coulter has been pastor of the Church of the Nazarene in Stockton and prior to that was pastor at Denair, Calif. He is president of the Stockton Ministerial Association.

Born in northern Ireland, Rev. Coulter moved with his parents to Calgary, Canada, when 11 years old. He attended college at Northwest Nazarene College, Nampa, Ida., where he graduated in 1935. He was editor of his college year book in 1932 and student body president in 1933.

## Earth Sinking in Long Beach Area

Long Beach, Calif., May 17 — (U.P.)—Alarming subsidence — or sinking of the earth's crust — affecting naval installations on Terminal Island and in the Long Beach harbor area was studied today by the Navy and the Coast Guard Geodetic Survey.

Edison Co. property near the drawbridge has sunk three and a half feet since 1937, harbor officials said. Subsidence was so gradual earlier that no pavement cracks appeared.

The Navy landing in Long Beach settled 1.7 feet, and the break-water light two feet.

### CHILD LABOR ABUSES

Washington, May 17 — (U.P.)—The Children's Bureau of the Labor Department said today that the wartime employment of 1,000,000 youngsters 14 and 15 years old and 2,000,000 more aged 16 and 17 years has brought a "return of many of the old abuses of child labor."

# SEEK INJUNCTION ON BUDGET LAW

Salem, Ore., May 17 — (U.P.)—An injunction suit, seeking to prevent the inclusion of House Bill 403 of the 1945 Legislature in the Session Laws, was due to be filed in the Marion County Circuit Court today, State Department officials said.

The suit, instigated by the Oregon Business and Tax Research Inc., of Portland, will ask that the Secretary of State be enjoined from including the bill, the "Local Budget" law, because it is claimed that the bill as signed by the governor and the legislative presiding officers was not the bill as passed by the legislature.

F. H. Young, manager of the tax group, said that a clerical error prevented a last-day conference committee report, adopted by both houses, from being included in the bill as passed.

The suit is to determine whether the bill as passed or the bill as signed by the governor is the law of the state, Young said.

## 15 POLYGAMISTS START PENITENTIARY TERMS

Salt Lake City, May 17 — (U.P.)—Fifteen male polygamists, boasting a combined total of 55 wives and 287 children, today began prison terms ranging from one to five years.

They filed through the gates of Utah State Prison late yesterday after Third District Court Judge J. Allen Crockett denied a writ of habeas corpus from sentences imposed May 20, 1944. Judge Crockett's ruling, which he termed the final recourse under law brought to an end the defendants' 14 months-long appeal from conviction on charges of illegal cohabitation.

# George Murphy Plans Hog Heaven On 200-Acre Rogue River Ranch

Post-war dream of George Murphy, Metro-Goldwyn-Mayer movie star, is a "hygienic hog heaven" at his 200-acre farm on the Rogue River, according to a recent interview with the screen hero. All that prevents him from starting the project now is a lack of plumbing facilities, the interview quotes Murphy.

Murphy maintains that he has made a study of animals and that they aren't dirty from choice but because they can't help themselves. The star says his pig farm on the Rogue will be the scene of a noble experiment. He plans to install foot

a few days on the Murphy farm, which is just above the McLeod bridge, and the two men repaired fences and irrigation ditches.

## Jetties Will Fly Faster and Higher

Berkeley, Calif., May 17 — (U.P.)—Jet-propelled transports flying 100 miles above the earth at a speed of more than 1500 miles an hour were predicted for 1955 today by Hall L. Hibbard, chief engineer of Lockheed Aircraft Corporation.

The jet-driven family helicopter of ten years from now he envisioned as the "safest, simplest, pleasantest, most convenient form of travel ever devised."

# Peace and Quiet Is Hope of Those Who Bottle Now

All returning servicemen want to lead a quiet life in peace and happiness, wrote Elmer Settell, S.C. in a recent letter to a Medford friend. Settell said servicemen were hoping that this war would not be followed by a widespread depression and were willing to aid in any way to prevent such a catastrophe.

Settell, in the navy four years, wrote "this life is just plain hell but our faith and the knowledge that someday all will be peaceful and quiet keeps us from going crazy." He is on Pacific sea duty at present.

The young man is the husband of Ival Settell and Mrs. Anna H. Settell of Medford.

**MEAT HOPE**  
Atlanta, Ga., May 17—(U.P.)—OP. Administrator Chester Bowles today held hope the meat situation would improve within 90 days. More stringent enforcement policies and improved distribution will improve the meat supply in shortage areas, but at the same time lessen the supply in areas where meat is plentiful, he told a news conference.
