DOG EATING RED POINTS PUTS BITE ON WOMAN

Last week, Mrs. Ed Lane gave the dinner scraps to her dog, Runt, and settled down with the paper. But not for long. Then on the food page it said that housewives threw away thousands of red points because they did not save meat trimmings and plate scraps!

Now Mrs. Lane saves off fat scraps to be melted down and added to the salvage can. That way she gets more extra red points. But not for long. Then on the food page it said that housewives threw away thousands of red points because they did not save meat trimmings and plate scraps!

MY POP'S A SMART MAN!

"He's saving money for my college by buying War Bonds, and hanging onto them too! But he says that he knows what to do in case we need money in a hurry sometime when the family budget gets out of balance or an emergency comes up—like the time Granny was sick. He says we can borrow at the First National Bank!

"My Pop says borrowing from a bank is good business and that it doesn't cost as much that way. He says too that when you borrow from the First National Bank you establish your credit so you can use it again if you want to."
