JUNIOR RED CROSS SENDS FAVORS TO HOSPITAL VESSEL

Jackson county Junior Red Cross Friday shipped 1,180 party favors to the hospital ship "USS Wisteria," it was announced today. This is the second consignment from Jackson county to this ship, which has been adopted by schools all over the county as their special responsibility.

The favors are used by the Red Cross recreational staff in parties arranged to break the monotony on board ship. They include carnival caps, nut cups, menu cards, score pads, centerpieces and hundreds of conical and intriguing tray favors for wounded men confined to their bunks. The reaction of the men to the colorful party favors has been most gratifying and results in morale building have helped improve their physical condition, according to the medical staff.

Miss Vera Humphrey, chairman of the Junior Red Cross, has been notified that the wooden game kits originally made for prisoner of war camps have been placed on various hospital ships. Twenty-five more game kits made by students at Jackson school and Junior high school are ready to ship. The Junior Red Cross work shop, which opens in the Junior high school July 2, will make 100 of the game kits.

ANNUAL LEGION POPPY SALE SET NEXT WEEK-END

Americans will pay tribute to their countrymen who have died in two great World Wars by wearing a red poppy on Friday and Saturday, May 25 and 26.

In this city, as in every other city and town all over the country, the women of the American Legion Auxiliary will be on the streets with baskets full of poppies for sale. Mrs. Edward Leach, Poppy chairman, will see to it that everybody in the city has an opportunity to buy a poppy.

Disabled war veterans—young ones from this war, older ones from the last—made the poppies. The men who have been working in the hospitals during the winter and spring to have the little flowers ready for Poppy days have benefited not only financially but mentally as well. To be able to earn money, to have a pleasant occupation has done a great deal to maintain their interest in life.

WEALTH OF THE WEST

Alaska The eyes of the world are upon Alaska. Called "Seward's Folly" when it was purchased from Russia for \$7,200,000, it is today realized to be truly "The Great Country," as the natives have always called it. Linking the Occident to the Orient in the dawnning era of the Pacific Alaska will be on the trade-routes of a stupendous new world commerce. Itself a rich storehouse of fabulous treasures in minerals, timber, fish, fur-bearing animals, and even of areas of great agricultural fertility. It provides the West's greatest challenge to the spirit of the pioneer. Commercially served by modern steamships which ply sheltered inland seas of incomparable grandeur. Alaska will be the mecca of both tourists and enterprisers in the fascinating new world of the peace.
