"Wish my Daddy was home to wear it!"
THAT'S a wish your mother shares with you, little lady. She knows, however, your Daddy still has to finish the job that took him so far away from you.
But you may be sure he is counting on you and mother to keep things at home just as he left them—his civilian clothes brushed and fresh—the pup healthy and frisky—a smile on your lips and a song in your hearts.
And remember, there's one thing especially like to have someone tell him soon in a letter. What is it? Just that everyone in your neighborhood really did something handsome in buying 7th War Loan Bonds.

THE OLD JUDGE SAYS...
MAY: "Jim, didn't you say you wanted to ask the Judge something about grain, the next time you saw him?"
JIM: "That's right, I did, Mary. Is it true, Judge, that distillers recover part of the grain juice in making war-alcohol?"
OLD JUDGE: "That's absolutely true, Jim. Wherever the government has permitted distillers to purchase the equipment necessary to process the used grain, at least 50% of the feed value (25% by weight) of the whole grain is recovered. It comes back to farms like yours in the form of premium-quality livestock feed... rich in vitamins B1 and B2."
JIM: "Is the same thing true when distillers are permitted to make whiskey, Judge?"
OLD JUDGE: "Yes, every bit as true, Jim."
