

When honoring wartime heroes, it is fitting and proper to pay homage to the "Kitchen Commandos"—the home front heroines of this war. They're the women who keep their families well-fed and healthy in spite of many obstacles; who conserved foods for Victory; who saved kitchen fats; who carried their own bundles; who performed many community services beyond the call of duty. We SALE-ute them with these fine values in fine foods for decorating holiday tables with deliciously different dishes

OUR PRICES NEVER WENT TO WAR!

When the war began, we enlisted in the homefront fight against inflation. We nailed down prices—and we've kept them nailed down at pre-war levels. You pay no more today for nationally advertised drug store products than you did in 1939—and for some, you actually pay less. Our prices never went to war—which is why you enjoy peacetime economy today and EVERY DAY when you shop at **KAMPFER'S BIG Y** for health and beauty aids.
