New Scholarship Given First Time By Oregon Society

Adding to the projects and awards already sponsored by the Oregon chapter of the Daughters of the American Revolution and its various local branches, the society last week for the first time awarded the Lucy Ann Miller memorial scholarship. The award went to Miss Marjorie Johnson, daughter of Mr. and Mrs. E. H. Johnson, 1416 West Tenth street, a member of the 1945 graduation class of Medford senior high school and was announced during graduation ceremonies Thursday night.

Mrs. Bert Lowry, Medford, Oregon state regent, announces that the \$150 scholarship will be given each year to some senior

girl considered an outstanding homemaker for advanced study in home economics at Oregon State college.

A new project of the national society which is coming in for much recognition is that of providing flower and vegetable seeds for army and navy hospital gardens. A national release states that these "war gardens" originally intended to aid convalescent wounded and sick service men on lonely tropical islands in the Pacific, are now flourishing around many of the general army hospitals throughout the country and in other parts of the world. Army officials declared the gardens are a great lift to the morale of the patients who care for them and Mrs. Julius Y. Talmadge, national president, urges all members to actively support the project.
