

LOCAL and PERSONAL

Grass Fire—Firemen were called to the vacant lot east of the Sacred Heart hospital yesterday to extinguish a grass fire caused by burning trash. Firemen reported no damage.

Mrs. Lumsden Home—Mrs. H. U. Lumsden returned to Medford Friday from Greeley, Colo., where she spent the winter with her niece, Mrs. J. A. Grigsby. Mrs. Lumsden is now at her home in the Medford hotel.

Larson Here—Garrett L. Larson, S1/c, will leave today for San Diego, Calif., for radar training with the navy. Seaman Larson has been visiting his parents, Mr. and Mrs. Roscoe L. Larson, 303 North Holly street, on a 10-day delay en route from Seattle, Wash.

DAV Meet Changed—Medford Chapter of Disabled American Veterans will meet at the court house auditorium Monday and Tuesday for a business session of the Oregon State Department Representatives of various sections of the state department will be present. The previously scheduled meeting of the chapter at Medford armory Tuesday has been canceled.

Piche Here—Al H. Piche, Jr., is home on a 40-day leave after 28 months overseas. Piche and his wife are guests at the home of his parents, Mr. and Mrs. Al Piche, Sr., 47 North Peach street. The young man enlisted in the navy shortly after Pearl Harbor and as a specialist first class in the athletic department went to Newfoundland and later to England, where he spent two years. He was with the headquarters' squadron, fleet air wing No. 7 and was stationed at the port in southern England from which the allies started the invasion of France. Upon expiration of his leave he will report to Jacksonville, Fla., for future assignment.

Visiting Here—Mrs. W. P. Fell, of Eugene, is visiting in Medford at the home of her daughter and son-in-law, Mr. and Mrs. D. W. Hammond, 911 Reddy avenue. Mrs. Fell expects to be in the city for two or three weeks.

Bicycle Stolen—Gary Newton, 515 Liberty street, reported to local police yesterday that his Shelby Flyer bicycle had been stolen from the corner of Riverside avenue and East 12th street. License number of the bike is 1145.

Chastain Home—T/5 Mervyn R. Chastain, son of Mr. and Mrs. John Chastain, 704 North Central avenue, is home on furlough for 45 days. Cpl. Chastain has been with the 46th armored infantry battalion of the First Army.

On Leave—Raymond A. Morton, ARM3/c, arrived home Monday on a delay en route from a naval base in Florida to San Diego, Calif. Morton is visiting his parents, Mr. and Mrs. Oliver Morton, Old Stage road. He is a graduate of Medford high with the class of 1943.

Receive Permits—Building permits were issued this week from the office of the city superintendent to G. Luthy, 34 Crater Lake avenue, to erect a double garage at a cost of \$850 and to H. Deistler, 825 Bennett street, and Jack Henbest, 831 Park avenue, to add to residence.

Reports—Arlon Skinner, sophomore student at Oregon State college, left Friday to report for training with the air corps at Keesler Field, Miss. Young Skinner was inducted into the air force last year but was not called for service and returned to his studies at the college. He is the son of Mr. and Mrs. R. A. Skinner, 1004 East Main street.

Picnic Postponed—The picnic planned by Merritt circle of the Presbyterian church for next Tuesday has been postponed, it was announced yesterday.

To Hold Picnic—Medford Extension unit will hold the annual picnic Wednesday, June 13, at the home of Mrs. A. E. Brockway, Stewart avenue. The affair is set for 10:30 a. m.

Soldiers Get Leaves—S/Sgt Warren L. Holbrook, 119 Crater Lake avenue, and Cpl. Harland H. Clark, Star Ranger Station, Jacksonville, have received rotation leaves from Fort Lewis, according to word from United Press.

Singer Here—Pvt. E. W. Jacobus, active as a soloist at First Presbyterian church while stationed at Camp White with the 91st Division, is visiting at the home of Mr. and Mrs. C. W. Shores on Jacksonville highway. Pvt. Jacobus saw action in the Italy campaign and was seriously wounded. He spent considerable time at Schick General hospital, Clinton, Ia., and is now enjoying a 30-day leave from the institution. A book of poetry entitled "The Only Steed," written while he was at Camp White, has recently been published, friends will be interested to know.

Picnic Announced—St. Mark's Auxiliary-guild will hold a picnic Tuesday at the home of Mrs. Chester Fitch, Phoenix. The affair is set for 12 o'clock and those desiring transportation are asked to call Mrs. N. D. Rowe, phone 3718. Those attending are asked to bring a picnic dish and service.

YOUNG MEN URGENTLY NEEDED RIGHT NOW FOR TRAINING IN—

Navy Radar

THE Story of RADAR—when it can be fully told—will be one of the most dramatic stories of the war. Navy trained Radio Technicians (RADAR), in helping to write that story, are playing a vital part in victory. But that's not all. A young man through his training and duties as a Radio Technician, is laying a solid foundation for his future after the war, in the world's newest and most challenging field of industry—electronics. It's a field of unlimited possibilities!

The Navy needs more men to be trained as Radio Technicians. Needs them right now—young men who are keen, intelligent, quick to learn. And that's fortunate for you, if you can qualify. Because, as a Radio Technician, you will play an important part in the war, receive valuable training, and insure a Petty Officer rating. Investigate now!

How to Qualify for Radio Technician Training:

WHO IS ELIGIBLE? Both voluntary enlistees and men entering the Navy via induction are eligible for Radio Technician Training, if they pass the Eddy Test. Successful applicants are immediately rated as Seaman First Class, skipping the rates of Apprentice Seaman and Seaman Second Class. Enlistments in the Navy are open to men who are seventeen years old or between the ages of 38 to 50 1/2 inclusive. Prospective inductees who meet Navy physical standards may take the Eddy Test after passing their pre-induction physical examination. When they pass the Eddy Test they are earmarked for Radio Technician training and inducted into the Navy

HOW DO I QUALIFY? In order to qualify for Radio Technician Training and gain the advantages that go with it, applicants must pass the Eddy Test. This test is not a measure of a man's technical background or mechanical experience. It is a specialized aptitude test, designed to show whether an applicant has the mental capacity and basic knowledge of high school mathematics and physics required to absorb the intensified course of study represented by Radio Technician training

WHAT IS THE EDDY TEST? The Eddy Test covers mathematics, physics and general science, shop practice, elementary electricity and radio, with particular emphasis on the first two subjects.

POSTWAR OPPORTUNITIES. We are entering the electronic age. The principles of electronic science as developed and taught in the Navy are helping to win battles today. Tomorrow these principles may help to revolutionize the peace-time world. This training is equivalent to two years of specialized college education. It will give you a thorough groundwork in principles that are still unknown to most commercial engineers. With this training your post-war future should be assured.

DON'T WAIT—ACT NOW! This is the chance you've been waiting for—an interesting and responsible part in the war, plus valuable training that will help you after the war. Don't delay. See the nearest Navy Recruiting Station today.

This Urgent Appeal for Young Men to Enter the Navy's Radar Training Service Is Published As a Public Service By the Bakers of
