JACKSON COUNTY FARM NOTES

Compiled by County Office O. S. C. Extension Service

Value Limit Raised on Construction on Farms

Under a liberalized WPB order affecting farm construction, farmers may spend up to $1,000 in a calendar year for farm dwelling construction, remodeling and repair, and an additional $1,000 for construction of other farm buildings, announces R. B. Taylor, chairman of the state AAA committee. Previously the maximum per farm was $1,000, including not more than $200 for farm dwellings.

Any new farm construction for dwellings or service buildings which exceeds the two $1,000 allowances requires WPB approval. Farmers may apply at county AAA offices for lumber permits for repair and construction not requiring WPB approval. Most county lumber quotas are limited, however, and not all farm needs can be met.

Cattle Marketings Are 21 Per Cent Above 1944

Marketings of cattle during the first four months of this year have been at an all-time high. Cattle arrivals at the 68 principal public stockyards during the January-April period ran 21 per cent above a year earlier.

Slightly more than 14 per cent of the receipts were shipped back to the country for further grazing and feeding, or about the same proportion as a year earlier, but less than in each of the previous three years, 1941-43. Slightly less than half the receipts were taken out of the markets for local slaughter—near the yards where they were received—compared with about 56 per cent a year earlier and about 62 per cent in 1941 and 1942. The increase in federally-inspected slaughter during the four-month period totaled 445,000 head. There also appears to be an increase of about 480,000 cattle in uninspected slaughter over the previous year, probably reflecting to a considerable extent slaughter in violation of OPA price regulations.

Thin Peaches Soon For Most Benefit

Peaches should be thinned soon in order to obtain the greatest benefit from the thinning. How much to thin is always the big question and easy answers are not available. It is known however that it requires 25 or 30 leaves to produce one fruit. Large leaves produce more than small ones.

If you have many trees to thin it will pay to spend a little time counting leaves on a few branches. This will enable you to estimate closely the leaves per fruit. This is the only exact way to be sure you are thinning properly. Heavier thinning will reduce the tonnage but increase the size of the individual fruits.

The fruits are spaced as uniformly over the tree as possible. Where fruit is plentiful only one fruit is left on each spur. It is best to leave more fruits near the base of shoots and on the larger wood and thin more heavily on shoot tips and the ends of long limbs. This will help reduce breakage to some extent.

Dad has favorite dishes

And Father's Day is an excellent time to serve them . . . to prove all over again that you love him. So forget the calories and vitamins for a day and give him those things he likes . . . just because they taste so good, such as—

For breakfast—CORN PANCAKES

⅔ cup all-purpose flour
⅓ cup corn meal
1½ tsps. baking powder
⅛ tsp. soda
2 tbsps. sugar
1 tsp. salt
2 eggs
⅔ cup milk
2 tbsps. melted shortening or margarine

Sift flour, measure, and sift again with corn meal, baking powder, soda, sugar, and salt. Beat egg yolks, add milk and combine with dry ingredients, beating until smooth. Add melted butter or margarine and fold in stiffly beaten egg whites. Drop by tablespoonfuls on moderately hot, lightly-greased griddle or heavy frying pan. Turn cakes when bubbles form on top surface. Bake until golden brown. Serve with equal amounts of melted butter or margarine and heated syrup. Makes 10 to 12 medium-size cakes.

For his favorite dinner—Chicken Fricassee or Beef Stew with Dumplings.

DUMPLING QUICKIE

2 cups biscuit mix 1 cup milk

Place mix in bowl; add milk all at once; stir only until all of the flour is dampened. Drop dumplings by tablespoonfuls on gently boiling stew or liquid in large kettle with tight-fitting cover; cover; steam 15 minutes or until done, without removing cover. Makes 12 medium-size dumplings.
