

Red Davis Hurls Nice Game To Thump Butte Falls, 9-3

Red Davis, 17-year-old high school pitcher, stopped Butte Falls 9 to 3 at Butte Falls yesterday to give the Medford Craters their first win in their initial appearance in the Southern Oregon Baseball league.

Central Point stepped into the win column with a 14 to 11 conquest over Ashland in 13 innings. No report had been received early today on outcome of the Navy-Marine league clash at Klamath Falls yesterday.

Davis never once was in trouble with the Butte Falls batters.

In the seventh inning Thomas, Butte Falls catcher, connected with a sizzling triple which went over Floyd Lawson's head in left field to score two runners, Thomas later scoring.

Three Doubles
Medford scored one each in the second and third, four in the fourth, one in the sixth and two in the seventh with Davis giving up three hits. The Craters collected nine blows off two Logger chucks. Herb Burnham, Dick Babb and Al Kircher hit doubles with Babb's blow driving in two runs. Burnham hit two for two and scored two runs.

Steve Crippen relieved Davis in the ninth inning although the stubby redhead still was master of the game. His fast ball and nice breaking curve and excellent control was holding the Loggers down effectively but he began to tire slightly so Crippen was substituted.

Davis Fans Four
Medford came up with two double plays with Davis striking out four and walking one. Butte Falls pitchers fanned nine and walked a like number.

Central Point grabbed a four run lead in the first inning and led 9 to 4 at end of the eighth frame but end of the ninth saw the score tied 10-10. Each team

collected a run in the twelfth inning with the Studders showing across the winning score in the thirteenth on two hits and a walk.

Dewey Hill, veteran Studder catcher, got a home run in the first inning with the bases loaded.

SHERIFF POSSE RODEO WILL BE HELD TWO DAYS

Medford will become the "cow-capital of Southern Oregon" on Saturday night, June 30, and Sunday afternoon, July 1, when the Jackson County Mounted Sheriff's Posse stages their fourth annual rodeo and horse show.

More than 600 of the finest saddle horses from all over southern Oregon and northern California are expected to take part in the big downtown parade Saturday night, according to Flash Fidler, general chairman and producer of this year's show.

Some of the best buckeroos throughout the west have placed entries in different events and await the call to match their skill and daring against outlaw broncs and wild steers in this annual show.

More than 5,000 visitors are expected to witness the western spectacle, which will feature all the colorful sports of the pioneer days.

The rodeo and horse show will get under way after the downtown parade on Saturday night. Twenty big events are programmed and the show will run a full three hours.

Kent M. Weaver of the Palomino Horse Breeders' association has been named official judge of all horse events. Mr. Weaver is known throughout the entire country as one of the fairest and best qualified judges of horseflesh and the committee in charge is happy that he has accepted the invitation to participate in this show.

Seats for both performances will go on sale June 22 at popular pre-war prices.

The Sheriff's Posse drill team and the drill team of the Ladies' Mounted Troop are drilling three times weekly to be ready with their beautiful precision mounted drills for the entertainment of the crowds both days.

Game Commission In Plea Against Picking Up Deer

The Oregon State Game commission makes its annual request that sympathetic individuals refrain from picking up fawn deer that appear to be deserted. In most instances this is not true, and if the fawn is left alone, its mother will eventually return to claim it. Deliberate picking up of fawns in order to obtain a pet is against the law, and a permit is not issued to keep it unless it can be proved that the fawn actually was deserted and would have died.

While young deer may be attractive pets, as they grow older they can become burdensome to care for and often dangerous to human life if adequate facilities are not provided. In the end, the deer may have to be killed as most of them cannot be satisfactorily released after being raised in captivity.

Pairings Made For Western Open Play

Indianapolis, June 18—(U.P.)—Defending Champion Babe Didrikson Zaharias of Los Angeles and Louise Suggs of Atlanta, Ga., drew top billing today in the 18-hole qualifying round of the women's western open golf tournament.

The Zaharias-Suggs twosome was among the 68 pairings to compete for 32 places in the six-day matched play championship, which started over the rain-soaked Highland Country club course. A 6,240-yard, well-trapped layout faced the 136 golfers.

NELSON OUTPUTS FIELD FOR TITLE

Philadelphia, June 18—(U.P.)—Byron Nelson, whose specialty is winning under pressure, made it plain today that no golfer in the world can top him when he has his heart set on a championship.

He began the final round of the 72 hole Philadelphia Inquirer golf tournament yesterday one stroke behind the pace setters, Harold (Jug) McSpaden and Johnny Bulla. Because Nelson's putting had been off-form, the experts said he never would close the gap.

When Nelson finished his final round, he had shattered the 10-year course record with a seven under par 63, and he was 11 under par for the 72 holes with a 269.

To win, he had to beat his best friend and host for the tournament, McSpaden, who entertained Nelson at his home here, then had to take a trouncing from him on the links.

New Analgesic Tablet now released to public

(Pain Reliever)

Thousands find it gives quicker, safe relief from headache—from pains of sinus neuritis, neuralgia and arthritis

FOR MANY YEARS aspirin has been accepted by both the medical profession and the public as a safe, sure way to relieve pain.

But many people who had complete confidence in aspirin did not find it gave as quick relief from blinding, maddening pain as they hoped for. Hence in desperation they sometimes turned to other remedies less well proved.

To meet this situation a group of medical research men set out to see what could be done to speed up the analgesic or "pain-killing" action of aspirin—to make it bring their patients quicker relief, without heart or stomach upset.

Out of these researches came a really new kind of analgesic tablet, a combination of aspirin and calcium glutamate. In this new tablet, aspirin does its old, safe job of relieving pain. But through its combination with calcium glutamate, extensive tests by physicians showed it gave most people both quicker relief and greater relief from pain.

After this extensive testing and use by members of the medical profession as a prescription remedy, this new analgesic tablet has now been released for non-prescription sale by every druggist. It is called Superin (from super-aspirin). You can get its blessed, quick relief from pain by asking your druggist for a bottle today—50 tablets for 39¢. Ask for Superin—Superin. Here's *another* Reason...

Why Telephones are Scarce

America's largest sky weapon is the B-29 Superfortress. With its elaborate communications system requiring the largest communications personnel of any combat plane, it is practically a flying radio laboratory.

This and other war communications equipment is being made in factories that in peacetime supply civilian telephone needs. That is why there is a shortage and why many people are now waiting for home telephone service.

If you are among those who are waiting, we want you to know that your patient understanding is a big help. And we will do everything we can to shorten the delay.
