Before the war... when tractor tires were plentiful... 1 of every 5 farmers chose WARDS TRACTOR TIRES! Yes, thousands of farmers chose Wards Tractor Tires deliberately for rugged, economical performance... chose them in preference to all the other well-known makes of tires. (It couldn't have happened... without some pretty good reasons!)

STRICTER CONTROL SOUGHT ON STOCK AND REALTY DEALS

Washington, June 29—U.P.—Recommendations of the Office of Economic Stabilization for stricter controls on the stock and real estate markets are on President Truman's desk and a decision may be taken Monday or soon thereafter, it was learned. The recommendations seek to impose the most rigid controls ever placed on dealings in all types of capital transactions.
OES Director William H. Davis asks that at least 75 per cent cash be required on all purchases on the stock market. Fifty per cent cash is now required.
Under his plan, payments up to 50 per cent of total price would be required on all sales of farm real estate. Minimum down payments of 35 per cent would be required for all urban property sales.
Davis has recommended also that the tax on capital gains be increased above the present 25 per cent maximum. This would require legislation.
The proposals for cash payment requirements on real estate and the new margins on stocks could be put into effect almost immediately through the federal reserve system.

GRASS-FED BEEF RATION FREE IS COLORADO PLEA
Denver June 29—U.P.—Lt. Gov. William E. Higby said today that within the next few months thousands of "grass-fed" beef will be marketed and he expressed the hope that, since it is not accepted for the nation's armed forces, it will be delivered "to the people ration-free."
At the same time he said that if the beef is unrationed, "I see no reason why ceilings shouldn't be removed."
Higby a large stock-grower in Colorado, and at present acting governor in the absence of Gov. John C. Vivian, said that grass-fed beef, as far as nutrition is concerned, compares very favorably with corn-fed beef and "most people wouldn't know the difference."

Fewer Criminals Executed in 1943
Washington, June 29—U.P.—The census bureau reported today that 135 criminals were executed in 1943, a drop of 12 from 1942, the year in which six German spies were electrocuted here.
The 1943 total included 66 white persons, 76 negroes, and three persons of other races. In 1942, 67 whites and 80 negroes were put to death.
Executions in 1943 included 118 for murder and 17 for rape.
