

LAUNDRIES WAIT REPLY FROM OPA

Labor problems in Medford laundries are continuing to threaten service this week while managers await answer from the district OPA administrator in Portland to their request for approval of a wage increase, according to Glen Fabrick, manager of Medford Domestic Laundry and spokesman for the three laundries of the city.

Telegrams signed jointly by the three laundries and the Jackson County Chamber of Commerce, seeking approval of a higher wage scale to attract workers, were sent Friday but up to this morning no response had been received.

Operations in the laundries have been curtailed with the smaller staffs, Fabrick said, but so far schedules have been maintained without refusing any work. Service is concentrated on supplying the needs of one hospital, restaurants and hotels, while civilian work is done mostly on a family "rough dry" basis with only shirts and uniforms being ironed. Finish work on fancy pieces is left to the owners.

Wall Street

New York, July 5 (UP)—Stocks declined today on a 50 per cent rise in margin requirements announced over the holiday by the federal reserve board. Trading lightened from the recent pace.

Margins were pushed up from 50 per cent to 75 per cent, effective today on new transactions, but not retroactive. This was even better than the rise that many market experts had anticipated. However, there was a tendency to lighten commitments pending a more definite measure of the market's ability to continue its recent rise.

Preliminary closing Dow-Jones averages: Industrial, 164.26, off 1.47; rail, 59.23, off 1.46; utility, 32.95, off 0.54; and 65 stocks, 63.28, off 0.90.

Sales expanded to 350,000 shares in the last hour to bring to 910,000 shares the day's volume, compared with 860,000 Tuesday.
