

Old Timers Struggle For Survival In Golf Tourney

Dayton, O., July 12—(U.P.)—Camera crews from the motion picture branch of the army air force at Wright field here are shooting color film of the P.G.A. golf tournament at the Moraine country club.

Wright field officials announced today that the completed motion pictures would be shown at convalescent and rehabilitation centers throughout the United States.

Dayton, O., July 12—(U.P.)—Forgotten champions and unfamiliar newcomers fought for survival today in the second round of the most celebrated of big league golf tournaments, the 27th National P.G.A. championship.

Byron Nelson of Toledo, O., still rated the man to beat, and his old pal, Sammy Byrd of Detroit, were about all that was left of the game's troupe of modern stylists who have dominated golf during the past two years.

The rest of the field of 18, heading into the second day of 36-hole match play, was made up of champions of bygone days plus a sprinkling of budding stars.

Hamilton Eliminated
Among the brighter newcomers was Jack Groat of Hinsdale, Ill., whose accurate woods and irons knocked Pvt. Bob Hamil-

ton of Ft. Lewis, Wash., the defending champion, out of the running yesterday, 5 and 4.

Leading the parade of old timers was Johnny Revolta of Evanston, Ill., who blasted Frank Kringle, Linden, N. J., out of the opening round, 10 and 9—thereby saving wear and tear on his blistered hands, made sore by extra practice rounds.

Clarence Doser of Hartsdale, N. Y., who has often been close but never has won a major tournament, was another unexpected threat. He upset Harold (Jug) McSpaden of Sanford, Me., 5 and 4, in the opening round to eliminate half of the McSpaden-Nelson golf monopoly.

Nelson, methodically shooting the same mechanical game which made him golf's greatest money winner, dropped a sentimental favorite out of the tournament yesterday when he licked Gene Sarazen, 4 and 3.

Denny Shute, Akron, O., double-winner of the P.G.A. back in the '30's, kept his comeback alive by defeating Barney Clark of Englewood, Colo., 4 and 3.

Pittsburgh, July 12—(U.P.)—Jimmy Bivins of Cleveland, ranking civilian heavyweight, has been signed to box Curtis Sheppard of Philadelphia in a 10-round outdoor bout at Forbes Field on July 25.

CARDS, DETROIT FAVORED TO COP PENNANT CHASES

New York, July 12—(U.P.)—Broadway oddsmakers, closing their books on the pennant races because the teams are so closely bunched, conceded the Detroit Tigers and St. Louis Cardinals a bare margin as favorites today, but said they wouldn't take any wagers on either team.

As the squads lined up for the start of the second half of the season, only two clubs, the Philadelphia Phillies and Athletics, seemed completely out of contention. Several others are long shot possibilities, but at least six clubs in the National and five in the American definitely must be rated as contenders.

Cards Now Third
The Cards were favored despite the fact that they are currently in third place, a game and a half behind the leading Cubs and a half game behind the second place Dodgers. The Dodgers were lightly rated by the books, who feel apparently that they were playing over their heads.

Both of the Boston clubs were rated as likely first division occupants, although the Braves are in sixth place in the National and the Red Sox fifth in the American.

Cubs at Home
The Cards, who open a long home stand against the Giants tonight, are expected to put on one of their typical late season pennant drives. The Cubs, now working on a 10-game winning streak, begin their home stand against the Braves, whom they recently trounced four times in a row at Boston.

The Dodgers, who began to hit the skids near the end of their successful home stand, have a chance to recoup against the impatient Reds at Cincinnati where they play a twilight, night double header. The Pirates, likewise shaken up after a road trip that almost wrecked their chances, begin a home stand against the faint Phillies.

Yankees vs. Indians
The Yankees and Senators have big opportunities to make their bids in the American. Tied for second, four and a half games behind the Tigers, they begin long home stays, the Yankees entertaining the Indians, the Senators playing the bad-traveling White Sox. The champion Browns, who failed to improve their sixth place position at home, have a chance to get off to a winning start on their trip by playing the Athletics. The Tigers may run into difficulties at Boston, since the Red Sox are a strong home club.

FATE OF WORLD SERIES PENDING

Washington, July 12—(U.P.)—The fate of the 1945 World Series may be decided today in the joint summer session of major league club owners.

The site of the meeting in the nation's capital, where club owners will be able to discuss transportation problems and other possible obstacles to the annual diamond classic with government officials, was considered significant.

Although there was no announcement of conferences with J. Monroe Johnson, director of the Office of Defense Transportation, it was regarded certain that the club owners or the league presidents would consult him while the meeting is in session.

The club owners also may be asked to curtail their regular travel for the rest of the season because of the unexpectedly heavy redeployment of troops from the European theater.

TRANSPORT BAN TO HIT QUALITY OF HORSE RACES

New York, July 12—(U.P.)—An immediate effect on the quality of racing throughout the nation was predicted today as the new government regulations banning the transportation of horses by railroads or trucks went into effect.

Although no tracks were expected to shut down, some have only a limited supply of horses on hand to fill their cards, and will not be able to get more without the use of trucks or trains. Most owners have access to private vans or vehicles for shipment of their thoroughbreds, but because of gasoline rationing will be able to use them only occasionally.

21 At Acqueduct
At Acqueduct, the New York metropolitan track now operating, only 21 of the 73 horses for today's program were quartered at the track, indicating there would be a heavy slate of overnight scratches, and a possible cancellation of several races.

Stable space is limited at most major tracks throughout the nation, necessitating the handling of many horses by truck almost daily.

Officials of the New York Racing Association, meeting to discuss possible effects of the ban, said they would issue an official statement soon. It was expected that all the remaining racing dates for the New York season would be assigned to one track, probably Belmont, which is the largest and has the most stable space.

Del Mar, Cal., July 12—(U.P.)—An Office of Defense transportation ban on shipping of racing and show horses will not affect the Del Mar Turf club's plans for its 40-day meet, which opened yesterday, Manager W. F. Tunney said today. More than 300 mounts, enough to run for the season, are now at the track, he said. Bing Crosby is track president.

JACKSON COUNTY FARM NOTES

Compiled by County Office O. S. C. Extension Service

Spider Mite Spreads During Hot Weather
The continued warm weather has caused a rapid increase in the spider mite population. This increase has occurred not only on Bosc and Anjou, but on all other varieties.

The damage being caused at present on these other varieties is minor but in many cases some control will be necessary before harvest.

If the Bosc and Anjou are sprayed and these other varieties left unsprayed, the mites may migrate from them back into the Bosc and Anjou. With this in mind it would seem desirable to spray all varieties at the same time.

Peach Brown Rot Control Possible
The rotting of ripe peaches by brown rot can be pretty well controlled by spraying or dusting with sulfur. For a spray use six pounds of wettable sulfur in 100 gallons of water. Apply one spray or dust now and another one 10 days or two weeks before harvest.

This disease has become much worse in recent years and should not be neglected. Reports coming back from the markets indicate that the disease is causing us more trouble than we had thought. Rotten fruit is not only a loss but it depresses the market causing the good fruit to sell for less.

—C. B. CORDY, Assistant County Agent.

Are you driving a Booby Trap?

Watch Out!
Officer's field glasses rank high among souvenir hunters—so they make fine Booby Traps when a hidden explosive is attached. But American G.I.'s are not fooled. They're taught to detect such tricks.

Watch Out!
Don't let your tires get to the Booby Trap stage! Your Shell man will carefully inspect them during Shelllubrication service, just as he inspects all important places in your car where hidden trouble might be developing.

PLAY SAFE... Get a Safety Shelllubrication Today

Shelllubrication is a scientific answer to the wearing effect of Wartime Stop-and-Go driving on your car. Developed by Shell engineers and performed by trained personnel, this service not only provides maintenance care for vital parts, but gives you an "inspection report" on hidden places where trouble could develop.

The Shell man inspects as he works... gets into places you never see... often discovers possible trouble in time to prevent it. You get a complete, written report with your Shelllubrication receipt, so you know what has been done, what more needs doing. With many a month yet to wait for a new car, it's good business to protect what you've got with Shelllubrication service, starting now. SHELL OIL COMPANY, Incorporated.

CHANGE TO IMPROVED GOLDEN SHELL MOTOR OIL

It costs no more... but a new additive resists formation of sludge and lacquer in the engine.
