BOTH GROCETERIAS CLOSED SUNDAYS

● While Camp White was fully occupied we, like others, opened our stores on Sunday in order to distribute the business over seven days.

Our associates—ever faithful—worked hard and long to serve you. For this we take this means of expressing our appreciation to them.

There is a limit, however, and we feel that they should have Sunday as a day of recreation. Grocery store hours are long and arduous—more so than the hours of most any other business.

That we may permanently give our associates this regular day of rest—we and our associates ask your co-operation to this extent: PLEASE do all of your shopping on the other six days.

SAVE the FRUIT

Heavy government orders will take most of the canned fruits—more than two-thirds of the commercial pack.

Save the fruit—can everything possible—use honey and sugar—or honey alone.

The following table from Miss Marian Farrell, Home Demonstration Agent, will serve as your guide.

Thickness of Sirup	Sugan Only	Half Sugar and Half Honey
WAR RATION Moderately thin, 25% (Ratio of 1/2 cup sugar to 1 quart fruit)	5 1/3 cups sugar 1 gallon water	2 2/3 cups honey 2 2/3 cups sugar 1 gallon water, less 2/3 cup

Canning With Honey Only

A CUP OF HONEY FURNISHES THE SAME SWEETNESS AS A CUP OF SUGAR

Use straight Honey—one part of honey to four or five parts of fruit. For whole fruits add one cup of water to each two cups of honey. Use enough of this syrup to cover the fruit.

Since the honey flavor is imparted to the fruit, use a mild honey. We have Honey in 1-lb., 2-lb., 5-lb. and 60-lb. tins.
