LEVERETTE NAMED NEW CAPTAIN OF SHERIFF'S POSSE

At the annual meeting of the Jackson County Sheriff's Posse held Wednesday evening at the Chamber of Commerce, Sheriff Howard Gault appointed Walter Leverette, local orchardist and theatre owner, captain of the Sheriff's Mounted Posse. Sheriff Gault remarked that posse interests had been constantly in the mind of the late Syd I. Brown and that before his death he had selected Walter Leverette as the man he wished to head the posse for the ensuing year. Sheriff Gault stated that he heartily concurred in this selection.

Gene Thomas, retiring captain, reported on the posse's

progress during the past year. Membership has increased from 37 to 59, and cash on hand substantially increased. Dr. Charles Lemery in charge of finance and ticket sales for the Fourth Annual Rodeo reported a nice profit for the show.

As a token of appreciation for his efforts as general chairman of the Fourth Annual Rodeo, C. L. "Flash" Fidler was presented with an engraved silver and gold belt buckle.

Leverette announced that a series of rides and social events were scheduled for this summer and fall, the first of which will be a ride and outdoor dinner at the Hughes ranch on Ross Lane, Sunday. The Chet Leonard and William Grenbemers will join with the hosts in preparing the dinner.

DONALD STINSON DIES IN SERVICE

Mr. and Mrs. W. D. Roberts, 1011 West 10th street, received a telegram yesterday notifying them of the death of their son, Donald Gus Stinson, chief storekeeper in the navy, on July 11. The message states that Stinson died "as a result of an intracranial injury sustained in an accident in service of his country." Details were unknown to the parents, but are expected in a later communication from the war department.

The telegram adds that burial was in an allied cemetery, outside the continental limits of the United States.

Stinson was 32 years of age, and had been in the navy nearly 12 years. He was stationed on Midway Island at the time of the Japanese attack there in December, 1941. Last word received by his parents a month ago was from the Pacific theater.

A Medford high school graduate, his last visit to the city was two years ago.

NO TRIALS IN AUGUST, JUDGE HANNA DECIDES

Circuit Judge Herbert K. Hanna reports he will hold no trials during August but will devote most of the judicial vacation month to writing rulings and decisions on long pending cases.

CAA RECOMMENDS SITE FOR AIRPORT IN ASHLAND AREA

Ashland, July 19—Civil Aeronautics Administration recommended to the city council in a recent report that a class I airport be constructed on the Balfour-Guthrie lands, about two miles northwest of Ashland.

"The Ashland area needs a class I airport, with a landing strip on a general NWSE alignment, preferably on a site permitting future expansion of that strip to approximate class 2 size and standards," J. R. Peavy, district airport engineer of the Department of Commerce, Civil Aeronautics Administration, said in his report following examination of the local situation.

The Balfour-Guthrie site being approved by CAA as being suitable as a class I or II airport and could be eligible for Federal aid if Congress makes it available in the future, Peavy said.

Difficult topographic conditions of the Ashland area were mentioned in the report but an airport was recommended because of the mild equable climate and meteorological conditions being favorable to flying.

Class I airport standards, as set down by CAA, call for 300 feet minimum width by 2,300 feet minimum length landing strip.

Various sites were considered but the Balfour-Guthrie site selected because it is not subject to smoke or bad fog conditions. No definite plans or action have been taken up by the council relative to the airport development.

CREW TO BATTLE APPLIGATE FIRE

Smoldering for the past few days since a recent lightning storm in the area, a small forest fire in the Appligate district was reported to forest service headquarters this morning and men were dispatched to extinguish the blaze.

Supplies were also being dropped today by airplane on top of Brown Mountain near Lake O' Woods, and Eugene Pylett left this morning to hike up the mountain and assume lookout duties for the remainder of the fire danger period. The station will be maintained as a one-man lookout, and all food and other supplies will be dropped by airplane as no trails ascend the mountain.

The Green Lantern Opening Tomorrow At 307 East Main

A new name and a completely remodeled and redecorated confectionary will be presented to Medford tomorrow with the opening of The Green Lantern, formerly Shirley Brothers, by the new owners Ralph Green and Roy T. Bostick, at 307 East Main.

The new store will also fea-

FUNERAL SERVICE Should Also Be Comforting

We go far beyond the mere business of supplying every funeral requirement. The thoughtfulness of our staff; the charm of our facilities; and our service even at a minimum expenditure— are comforting to the spirit in time of the bereavement.

ture a complete magazine department. Another section will be devoted to remedies, sundries and picnic supplies.

Ralph Green, who has been a resident of Medford for 22 years, and his father W. D. Green, will continue to operate Green's Confectionary at Main and Fir. Roy T. Bostick recently moved to Medford from Seattle.

ALL CRATER LAKE ROADS NOW OPEN

All roads at Crater Lake National Park, including the rim road and the road to Diamond lake, are now open to travel, it was stated today by E. P. Leavitt, park superintendent.

Weather at the lake has been nice, Leavitt reports, and travel last week-end was heavier than for the same date last year.

Foresters George Walker, Maurice Theede, and Burnette Sanford, from the regional office in San Francisco, arrived Tuesday and are getting several days in the park on fire inspections.

The three parts of the San Francisco-Oakland bay bridge, longest in the world, total 8 1/4 miles.

MORE BARTS FOR LOCAL CANNERY

Pear shippers of the city have agreed to provide the Rogue Cannery Inc., with between 1,700 and 1,800 tons of Bartlett pears for canning this season, Raymond R. Reter of the Reter Fruit company reports. All the shippers will contribute to the total. The tonnage is about twice that of last year.

Reter also reported that as

many cull pears as possible would be shipped to the Baker By-products company plant at Watsonville, Cal., for dehydrating and other processing. A Baker Bros. representative was here 10 days ago and gave assurance they would erect a plant in the valley next year.

Growers report the pears are sizing up well under current weather conditions.

Here's the Quick, Easy Way to Make Marvelous BERRY JAM

6 Cups Ground Berries (Any Variety)
8 1/2 Cups Sugar
1 Package M.C.P. Pectin

Wash, stem, grind 3 quarts fully ripe berries, or crush completely a layer at a time so each berry is reduced to pulp. Measure exactly 5 level cups crushed berries (add water to fill out last cup, if necessary), into large kettle. Add M.C.P. Pectin, stir well and bring to a boil, stirring constantly. NOW, add sugar (previously measured), mix well and bring to full rolling boil. BOIL EXACTLY 4 minutes. Remove from fire, let boil subside, stir and skim by turns 5 minutes. Pour into sterilized jars, allowing 1/2-in. space for sealing with fresh paraffin. (NOTE: For Strawberry Jam, add 1/4 cup lemon juice to each 6 cups crushed berries.)
