

World Series Winner May Take 90-Day Pacific Tour

Washington, July 20—(U.P.)—Baseball men were confident today that the World Series will be played this fall.

Their confidence, which did not seem misplaced, was based on the word of baseball's new Commissioner, Sen. A. B. (Happy) Chandler, that he would make arrangements to send the World Series winner on a 90-day tour of the Pacific to meet army and navy teams.

Chandler acted on a request by Secretary of the Navy James V. Forrestal and Adm. Chester W. Nimitz, commander in chief of the Pacific fleet.

Apparently assuming that the fall classic would go off without a hitch, Forrestal wrote Chandler asking him to get together with officials of both Major Leagues on arrangements for the trip.

Chandler replied that he would be happy to cooperate. He said he could see no reason for not playing the World Series since it was evident service-

men were eager for it to be played.

Forrestal's suggestion had the full support of Nimitz, who said that the champions would be heartily welcomed by men at advanced bases. He added that surface transportation would be provided for the team and recommended that "every effort be made to arrange this tour."

Navy officials will meet soon with Chandler and representatives of both Major Leagues to work out details of the proposed tour.

Although these developments were based on the assumption that the Series would go off in the past, Office of Defense Transportation Director J. Monroe Johnson said that his latest edicts on World Series travel still stand.

His last word was that only a "trolley car" Series could be played if the transportation situation did not improve considerably by fall. He said today that ODT is so involved in troop deployment problems that it isn't able to look as far ahead as October.

But if transportation doesn't ease off, he added, the Series can be played only if all games are held in the same city. This would mean that, as last year, the National and American League pennant winners must come from the same locality.

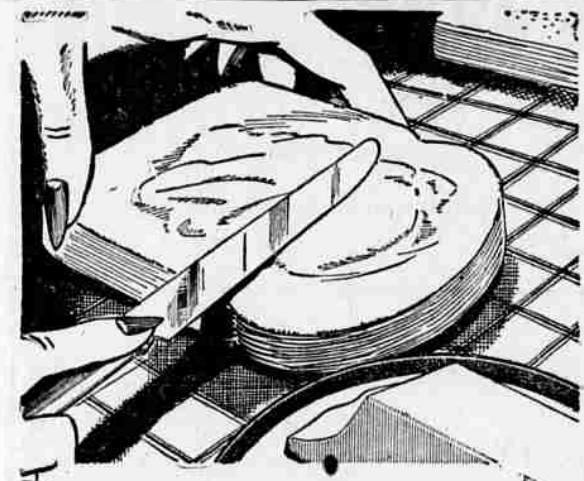

Closing time for Sunday Too Late to Classify 4:00 Saturday afternoon. Please remember.

JUNIOR CHAMBER FACES LITRELL; POLICE TO PLAY

GAMES TONIGHT
Junior Chamber vs. Littrell Parts.
State Guard vs. 752nd MP.
Junior Chamber of Commerce vs. softball team, winners of their last three league contests, will face Littrell Parts in the first game of the city loop's double header at the high school tonight. Now tied for second place with three wins and two losses each, the winners will take a firm grip on second place and will come into a chance to knot Camp White Agates for leadership of the circuit.

The "nine old men" who knocked over two top-flight teams in their last three times out will have to overcome a fast and hard-hitting bunch of parts men if they plan to maintain their drive to the league leadership.

The 752nd MP Battalion, who has yet to lose a game since taking over Al Piche's place in the loop, will face down-trodden State Guard in the second game, starting about 9 o'clock. The Guardsmen showed hitting power last week but let a six-run lead slip through their fingers and dropped a close game to the JayCees. The MP's will earn a tie for third spot if they win while the Guardsmen will share the cellar, a position which is now in their sole position, with Ordnance Shop if they come out on top.

Next Tuesday and Friday games mark the final week in league play with the Shaughnessy play-off set for July 31 and August 3.

DAVIS GETS CALL FOR MOUND WORK

Southern Oregon baseball league swings into the second week of the second half Sunday when Butte Falls plays at Medford. Central Point goes to Ashland and Klamath Falls Marines play at the Navy station.

Doug "Red" Davis, 17-year-old right hander who is unbeaten on the mound this season, has been named by Manager Paul Freer as the starting pitcher. Davis defeated Butte Falls 9 to 3 his last time out.

Freer said Paul (Hoosier) Hofard, veteran fielder and slugger, will start in the outfield along with Herb Burnham, Crater's second-place hitter, and Steve Crippen, long a Crater stand-by. Homer Sullivan will be on first, Freddie Stammen on the keystone sack, either Harold Lange or Lee Reynolds on third and Al Kircher at shortstop.

Mt. Whitney, 14,495 feet, in Sequoia National park, is the highest point in the continental United States.

Sport Chips

Silverside, catfish and perch at Lake O' Woods will afford anglers best luck over the weekend, so says Al Piche in his weekly "where to fish" report. Bass are plentiful but harder to catch since the right plug on the right day must be used.

Fishing at Diamond Lake has greatly improved over the past week with three to six pounders being taken on troll. Combination of a large flasher, 15-inch leader with plug attached have been producing excellent results. Worms also are good and bait fishing is continuing to get good sized fish.

Water is too high in big Squaw Lake but good catches are being made in the little lake, from shore. Eggs get the trout while worms catch catfish, numerous in the upper end of the big lake.

Fish Lake is only fair for bait fishing but good on troll with large flashers and plug attached. Fly fishing for rainbow is good from sundown to dark. Roads are reported in excellent condition.

All small streams are running low on water and fishing is good, but one must cover a long stretch in order to fish holes and heavy runs. Eggs are getting the most fish while flies also are excellent. Stock of flies in sporting goods stores are down to where there is no choice of pattern or size of hook.

Salmon fishing continues to be good in the upper stretches of Rogue river with 50-50 spinners in size four and five best lures. After about two weeks spawning salmon will not be edible and steelhead fishing with eggs will start. Trout angling is good now with single eggs in choppy water and deep holes.

SPORTS TOURNEY SET IN EUROPE

Paris, July 20—(U.P.)—A European theater sports championship involving every kind of summer contest from baseball to horseshoes and attracting "crowds comparable with the big-time United States events" was announced today by the U. S. Army.

The championships will be staged in historic arenas of Britain, France and Germany and 500,000 servicemen already are participating in elimination matches in every corner of the theater. Army units represented in the theater will be the third and seventh armies, the U. S. strategic air force, navy ground forces and reinforcements and occupation troops.

The army also contemplates an inter-allied competitive athletic program later in which American teams will meet those of the allies.
