Orth. A cordial welcome is extended to the public as well as the military personnel residing in Medford and vicinity.

Yankee War Prisoner "Quislings" Made Money Off Fellow Inmates

Honolulu, T. H., July 27—(U.P.) American war prisoners in a German camp sold fellow inmates pieces of black bread and other food for exorbitant sums, Cpl. James A. King, 23, nephew of Capt. Samuel W. King, USNR, former Hawaiian delegate to congress, said today.

The young battle veteran, home on a 60 day furlough, was freed from the prison camp after living for four months on a daily diet of watery soup and one-sixth of a loaf of black bread.

King charged that some liaison men "from our own ranks were practically Quislings."

Sold Ring For Bread

"They sold bread and other food to their comrades for watches and rings," King said. "I was so hungry one night I sold a ring my father had given me for three-quarters of a loaf of black bread."

Committees, including officers disguised as enlisted men, were organized and the names of all food sellers were obtained, King declared. He said he understood those charged with misconduct

suffering from dysentery. Later King was moved to another camp and rescued by the British April 28.

TWO FLIERS KILLED
Los Alamitos, Cal., July 27—(U.P.)—Two men lost their lives yesterday when a dive bomber

crashed into the sea near Seal Beach, Cal., the navy revealed today. Killed in the crash were Ensigns Everett H. Simmons, Jr., USNR, Long Beach, Cal., pilot, and S/1 Eugene Arend, USNR, radioman-gunner, Lansing, Mich.

Auburn Eateries May Close Month

Auburn, Cal., July 27—(U.P.)—Owners of the 15 Auburn restaurants announced today they would close for a month beginning Wednesday because of a shortage of points for rationed food.

The announcement was made by R. W. Edwards of the Auburn hotel as spokesman for the

Chicago, July 26—(U.P.)—The following a ruling by Wayne Courtwright of the district Office of Price administration that the restaurants could receive no additional ration points until Sept. 1.

Battered Cruiser Returns to Action

Washington, July 27—(U.P.)—The light cruiser St. Louis, twice damaged in the Pacific war, was badly battered a third time by a Japanese suicide plane off Leyte last November but is now back in action, the navy revealed today.

The St. Louis, a veteran of the Japanese attack on Pearl Harbor, had been supporting ground troops on Leyte and was refueling when 10 Japanese suicide planes appeared.

This Is the DANGER TIME

WITH added demand for water at Camp White and the Air Base, and with added summer-time danger of fire, Medford's water must do many jobs. It must supply the needs of household use, it must keep lawns and gardens green, it must be held in sufficient quantity to meet any emergency of fire. That is why we must...

CONSERVE OUR WATER

Every Gallon Is Needed

DURING the remaining summer months water must be used conservatively. Medford's new reservoir is not yet ready for storing the supply needed for fire emergency while taking care of normal summer demands. So PLEASE use water on your lawn and garden wisely... don't waterlog the ground. See that leaky faucets are fixed—that every needless waste of water is eliminated. Remember! It is YOUR water—for your use and protection. Waste or extravagance of water is sabotage!

1 OF EVERY 4 BOUGHT RIVERSIDES

Before the war, when truck tires were freely available, when truck owners still could choose the brand they wanted, 1 of every 4 of the biggest operators were big users of Riversides! Remember, these big "feet" operators keep a mileage record on every tire. They know from their records that Riversides give more miles-per-dollar. So they buy Riversides! And more Riversides! Take a tip from these operators who know which tires stand-up best. Put Riversides on your car. You, too, will get more miles-per-dollar, more protection against blow-outs, and more miles-of-safety!

Today, Riversides are actually stronger than Wards pre-war tires! Each individual tire-cord is stronger to begin with; then chemically strengthened to stay strong, next liquid-dipped to "weld" the cords together, then cushioned in rubber! In the final operation, the plies are cemented together before vulcanizing to provide greater protection against blow-out!

MORE MILES-OF-SAFETY ON RIVERSIDES

*Yes, before the war, 17 of the 65 largest truck fleets listed by the automotive manufacturers' association bought Wards Riverside Tires.
