

KING TELLS OF LABORITE PLANS

London, Aug. 16—(U.P.)—King George VI, speaking at the state opening of parliament, said today that the new labor government would introduce in parliament bills nationalizing the bank of England and coal mining industry.

The king's speech gave formal announcement that the labor party planned to follow through with the program it campaigned on before the election.

Wearing an admiral's uniform as he spoke before the members of parliament, King George also promised that the government would do its utmost to "promote in conjunction with the leaders of Indian opinion an early realization of full self government in India."

He announced an extensive program for control and speed-up program for providing more housing and food.

World War No. 2 Far Costlier In Men and Money

Washington, Aug. 16—(U.P.)—three years, eight months and three years, eight months and seven days.

It cost us approximately 1,075,000 casualties, more than 260,000 of them killed. The Japanese war claimed about 175,000 of the total casualties, including about 100,000 dead.

Some \$350,000,000,000 of the nation's wealth was expended in the war.

Sixteen million men served in the armed services.

The peak strength of the armed forces at any one time was about 12,000,000 men and women.

Compared with World War I this war was more than five times as expensive in dollars spent.

Central Point
