

COUNTY WILL GET TRUCK ALLOTMENT

Orders have been issued by the surplus property board allocating 180 trucks for farm use, to be divided between 19 Oregon counties including Jackson county, according to telegraphed word from Wayne Morse, U. S. senator in Washington, D. C.

In order to obtain trucks, farmers must first get certificates of need from the county agent's office, and the vehicles can then be purchased through regular dealers.

County Agent Robert Fowler said today that as soon as official written notice of the release is received and proper forms arrive, certificates will be issued at his office to farmers needing trucks.

Mighty Fleet In Victory Photo On Coast of Japan

With the Third Fleet off Japan, Aug. 16—(U.P.)—All units of Adm. William F. Halsey's mighty 3rd fleet united into a single giant task force in battle array today and steamed west toward Tokyo—to have its picture taken.

It was the first time in the war that all of the great carriers, battleships, cruisers and destroyers had been concentrated within visual range. It was a maneuver which had been on the schedule for a long time—to be put into effect after victory.

The units moved along in tight formation under a brilliant sun as photographic planes soared overhead after Halsey flashed the code word authorized long ago: "Execute operation snapshot!"

Stilwell Refuses To Accept Chinese Award of Medals

Manila, Aug. 16—(U.P.)—Gen. Joseph W. Stilwell, who was recalled from his army command in China after a dispute with Generalissimo Chiang Kai-Shek, today declined China's award of blue sky and white sun medals.

"I have not accepted any foreign decorations whatsoever," he said when informed of the awards.

Stilwell now commands the 10th army.

EUROPE TO PACIFIC MOVEMENTS HALTED

Paris, Aug. 16—(U.P.)—American army authorities cancelled all troop movements from the European theater to the Pacific and announced today radical revisions in the redeployment program.

More than 80,000 veterans will start for the United States as soon as possible, with five divisions leaving within the next 30 days.

CANADIAN CENSORSHIP REGULATIONS REMOVED

Ottawa, Aug. 16—(U.P.)—All war-time censorship regulations were cancelled in Canada today.

In a last "directive," the censors expressed their "sincere gratitude" to the publishers, newspaper, periodicals and radio broadcasting stations "for the help and cooperation which has made the work of this branch of censorship possible."

TWA ANNOUNCES CUT IN AIR TRAVEL FARE

Kansas City, Mo., Aug. 16—(U.P.)—Transcontinental and Western Air, Inc., today announced a seven and one-half per cent reduction on its passenger fares.

The new reduced rate will go into effect Aug. 20, E. O. Cocke, traffic vice president, said.

CHINA QUILSING CHANGES STAND

Chungking, Aug. 16—(U.P.)—China's Number One Quisling, Chen Kung Po, president of the Nanking puppet government, has pledged 1,360,000 troops under his command to help return the former national capital and the cities of Shanghai and Hangchow to the Chungking government, it was reliably reported today.

Cheng said the troops were awaiting Chungking's "instructions for reorganization."

"Can I redeem myself from my sin?" Cheng asked.

Cheng also was reported to have executed the puppet mayor of Shanghai, Chow Fu Hai, alleging Chow "objected to the return to central government authorities."

LIQUOR INCREASE NOT ON HORIZON

Portland, Ore., Aug. 16—(U.P.)—The end of the war will mean no increase in liquor rations or even the lifting of liquor rationing, at least for the present, Ray Conway, administrator of the Oregon Liquor Control commission, said today.

He also disclosed that at the conclusion of a three-day monthly meeting of the commission, a recent rule preventing serving of beer in 32-ounce bottle except for off-premise consumption was lifted. The 32-ounce bottles may be used until Dec. 1, he said.

Air Conditioning Found For Apples

Ithaca, N. Y., Aug. 16—(U.P.)—By applying the principle of the gas mask to protecting apples in storage, apple growers of the country may save many thousands of dollars annually.

Research at the Cornell University Agricultural experiment station has developed a method of air conditioning, similar to that used in a soldier's gas mask, to control the gases given off by the apples themselves. The conditioning prevents storage apples from developing a "scald" disease, which causes the fruit to become unsightly and to lose market value.

Closing time for Sunday Too Late to Classify 4:00 Saturday afternoon. Please remember.
