# FRISCO REVIVES CELEBRATION ON OPENING OF BARS

(By United Press)

The nation today set about erasing the traces of a two-day victory celebration, the second phase of which lacked, for the most part, the spontaneity that followed the first official news of Japan's surrender.

For the majority of Americans, one night of revelry was enough. But in San Francisco, and to a lesser degree in the large cities of the east coast and midwest, reopening of the bars was a signal for a second round of merry-making.

**Riot Squads Called**  
Only in the west coast port, which for four years lived under the shadow of the war in the Pacific, did the hilarity increase in intensity. Riot squads of 3,200 police and shore patrolmen were called out late last night to quell a mob of victory celebrants who inflicted heavy damage in the wildest jamboree of the city's history.

**Hospitals Received**  
700 emergency cases, the majority of them sailors cut by flying glass, injured in fist fights or felled by drunkenness.

**Windows Suffer**  
Chief of Police Charles Dullea estimated that "every window within three blocks" of Market street had been broken during the continuing celebration.

A crowd of 1,200,000 jammed New York's Times Square last night but police reported no violence.

**Auto Mishaps**—Cars operated by Max Wimmer, 1115 West Second street, and J. H. Ruch, 809 South Newtown street, collided on Central avenue yesterday morning causing slight damage to Wimmer's auto, according to an accident report filed with city police. Another report stated that a car operated by G. C. Parsons, Central Point, was slightly damaged this morning in collision at the intersection of Jackson street and Riverside avenue with a car driven by Robert A. Johnston, Camp White.

# EXTRA TROUSERS ARE LIKELY SOON

Washington, Aug. 16—(UPI)—The chances are good for early revoking of the ban on two-trouser suits.

Vests also are expected to be permitted to be made for those who prefer double-breasted suits.

War production board officials said orders likely would be issued next week revoking these clothing restrictions.

The army has announced a virtual 100 per cent cut back at its requirements for woolen cloth. This curtailment or orders was expected to make possible the fallowing of those extra trousers and vests by Christmas, a WPB spokesman said.

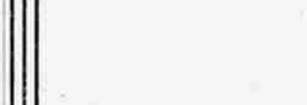

# China's First Lady Hopes Communists Will Avoid Strife

New York, Aug. 16—(UPI)—Madam Chiang Kai-Shek said today that "I hope and pray the Chinese communists will put national interests above party interests and let wisdom prevail to avoid civil war."

In an exclusive interview in her temporary home on the heights overlooking the Hudson river, the wife of the Chinese generalissimo said she would turn to China within the next two months to work with the generalissimo in whatever "I am called upon to do." She has been in the United States about a year.

# THANK GOD IT'S OVER!

- Yes, the war is over. Yes, it is natural that we should exult and celebrate, but it is also time for soul-searching thinking.
- A time to think of the men who are beneath crosses at Anzio St. Lo, along the Rhine, at Iwo Jima and Okinawa.
- A time to think of the men you won't see marching in victory parades, the over 300,000 wounded who are still suffering, still struggling to recover what they gave for us.
- A time to think of the 7,000,000 men—sons, husbands, brothers, fathers who are still thousands of miles, and weeks and months away from the ones they love.
- We must—we WILL take care of our own—by BUYING ANOTHER VICTORY BOND NOW — and continuing to buy them for as long as the need exists.
- Surely, you can see why the most important bonds you ever bought are the ones you buy NOW to complete the peace.
- This is your biggest, and greatest chance to salute the brave men who fought and won this war for you!
