"Pin-Worms Can't Get My Child!" Better learn the Truth, Mother! Recent medical reports reveal that an estimated 100,000 children in the U.S. are today being victimized by Pin-Worms, often without suspecting what is wrong! And these pests, living and growing inside the human body, can cause real distress. So watch out for the warning signs that mean Pin-Worms: especially a severe, irritating rectal itch. If you suspect this vile infection, get JAYNE'S P-W right away and follow the directions. P-W is the name of the Pin-Worm tablets developed by the laboratory of Dr. J. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms, which are the cause of the distress. Ask your druggist P-W for Pin-Worms!

SO YOU HAVE REACHED THE TROMBONE AGE From Prof. Walter B. Cannon's book "The Way of an Inventor" (W. W. Norton Co., N. Y., '43) I quote:

"As the decades slip by, however, all of us are subject to bodily changes, some obvious and some hidden. Reminds me of the struggle I had to keep from hanging myself when the vaudeville 'mind reader' called the attention of the audience, and worse my own attention to my incipient bald spot. I reckon the best way to face these tragedies when they come to us and take what consolation we can from the knowledge that they come to everybody sooner or later.

"Brown spots appear on the face and hands. The hairs grow long in the ears and nostrils, and the eyebrows become shaggy until they may lend a fierce look to the countenance."

Of course Professor Cannon is speaking of men. Probably every reader of this will think of certain gentlemen who may keep the hairs in the ears and nostrils neatly clipped but not the shaggy eyebrows - evidently they like to look fierce!

"The skin is less elastic, as is shown by pinching it on the back of the hand and noting a briefly persistent ridge instead of a prompt snap back to the proper level. The pregnant hinges of the knee" as well as other hinges in our limbs are not so well lubricated as they used to be. The near point of clear vision recedes until with unaided eyes the elderly person," - Courage boys, the prospect is

never mind the alcohol! The lode you have contains 33 per cent alcohol according to the label. Answer - And a "poison" label besides? Never mind. Send stamped envelope bearing your address and ask for (including will not suffice) pamphlet "MODERN RATION" Follow instructions therein and never mind how much alcohol the lode you have contains. There is none in the kind of lode I recommend.

Secondary Anemia Some years ago you sent me your pamphlet on the blood and the home made iron tonic described in it clearly and in my secondary anemia in a few months (Mrs. J. B.). Since the sugar shortage has been using sacharin for sweetening tea and coffee - usually 1/4 grain to a cup. Now we have Ben Told we should not use it without doctor's orders unless we have diabetes. (M.R.) Answer - Neither doctor's orders nor diabetes is necessary. It gives the sweetening effect without adding any calories.
