PIN-WORMS GO! New Treatment Gets Real Results

People don't like to talk about Pin-Worm infection. Sometimes they are too embarrassed to mention the tormenting rectal itching. And in many cases they have not known of any effective way to deal with this pest that lives inside the human body.

Today, thanks to a special, medically recognized drug (gentian violet), a highly effective treatment has been made possible. This drug is the vital ingredient in **P-W**, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take **P-W** tablets act in a special way to remove Pin-Worms.

So if you suspect Pin-Worms in your child or yourself, ask your druggist for a package of **JAYNE'S P-W** right away, and follow the directions. Satisfaction guaranteed or your money back.

It's easy to remember: **P-W for Pin-Worms!**

NORWAY TRAITOR HELD NOT CRAZY

Oslo, Aug. 29—(U.P.)—Vidkun Quisling was granted a two-day recess in his treason trial today after undergoing an exhaustive medical examination which state physicians said proved conclusively that the former nazi puppet was not insane.

Quisling did not appear in court and the hearing was confined to a 19-minute reading of the medical report by Presiding Justice Erik Solem.

Spiking any possible attempt by the defense to claim that Quisling was insane when he assumed control of the Norwegian government and aided the German invaders in 1940, the prosecution subjected him to a two-day medical examination over the week-end.

The report showed no evidence of any organic defect nor any signs of madness in the one-time Norwegian premier.

San Francisco, Aug. 29—(U.P.)—Charles R. Baird, regional administrator of the office of price administration, today announced his resignation, effective October 5.

34,000 PRISONERS TO GET MEDICAL CARE ERE RETURN

Hospital Ships Await Them —Malnutrition and Beriberi Noted

Aboard Adm. Badger's flagship, Tokyo Bay, Aug. 29—(U.P.)—All of an estimated 34,000 allied war prisoners in Japan will be given medical care before their return to the United States, Cmdr. Joel T. Boone, third fleet surgeon, said today.

Boone, formerly White House physician during the Harding, Coolidge and Hoover administrations, told correspondents aboard the San Diego that arrangements were being completed to care for the released prisoners of war. Already three great white-painted hospital ships have joined fleet units in Sagami bay and are expected to enter Tokyo bay soon.

All the prisoners, at least 5,000 of whom need immediate medical attention, according to International Red Cross representatives, "will be screened through medical facilities to determine their physical condition prior to returning home," Boone said.

This, he explained, was "in order to make sure all of them are physically able to stand the trip. Much malnutrition has been reported, requiring special strengthening diets, and there is much beri-beri.

"Dr. Marcel Junod, Swiss Red Cross representative who has been checking the prisoner of war camps, told me the prisoners feel an intense isolation," Boone said.

"That's why we are letting them know that the first concern of all Americans from the president on down is for their quick release and safe return."

Junod yesterday conferred with Rear Adm. Oscar C. Badger and asked the navy to supply adequate food at once to combat dysentery. Milk and sugar are among the most urgent needs, he said.

REDS WILL BACK CHINA DEMOCRACY

Moscow, Aug. 29—(U.P.)—The Red army newspaper Red Star asserted today that if China chooses the road of "progressive democratic development" and collaboration with the democracies she will get the full understanding and support of the Soviet Union.

Red Star warned that even in the hour of Japan's defeat what the paper called "Japanese agents" were concentrating all their efforts on stirring up trouble among "democratic forces in China."

"The dark forces of backwardness and reaction based on survivals of feudalism are dragging China backward and preventing the Chinese people from carrying out great tasks facing them," Red Star said.

ACCOUNTANT HELD, EYED WIFE'S LEAP FROM HIGH SPAN

San Francisco, Aug. 29—(U.P.)—Fred J. Hunt, 58, was in police custody today after Berkeley, Calif., authorities said he first admitted then denied watching his wife plunge 210 feet to her death from the Golden Gate bridge. Hunt is an Oakland, Calif., public accountant.

Witnesses to the suicide, the 49th in the history of the world's longest single bridge span, reported that a car stopped near the center of the bridge late yesterday. A grey-haired middle-aged woman stepped out, climbed over the guard rail and leaped into the water below.

Motorists stopped and rushed to a parked car in which, police said, Hunt was seated. The witnesses said he apparently had been drinking. They quoted him as saying:

"Oh, let her go."

The license number of the automobile, which sped toward San Francisco after the tragedy, was registered in Hunt's name. The accountant was taken into custody by Berkeley police who waited at his home for three hours.

Officers said Hunt came home in a taxi and told of leaving his car in San Francisco. The cab driver quoted him as saying he did not have enough money to pay his fare but that his wife would when he arrived home.

When they drove up to find the house in darkness, the driver said, Hunt told him his wife "passed away today."

Food, Canned Beer, Dropped Prisoners

Guam, Aug 29 — (U.P.) — A mercy fleet of 125 Superforts dropped more than 875,000 pounds of food, clothing and medical supplies — including canned beer—into 60 Allied prisoner of war camps on Honshu and Kyushu late this afternoon, the 20th airforce announced.

Officials estimated that some 20,000 prisoners were held in the "target" camps, whose populations ranged between 19 and 1,000.

SENATOR THOMAS PLEASED

Washington, Aug. 29—(U.P.)—Chairman Elbert D. Thomas, D., Utah, of the Senate Military Affairs committee, said today that President Truman's proposal for voluntary enlistments in the army does away with the "unhappy prospect" of universal military training.

Poor Digestion? YES ☐ NO ☐
Headachy? ☐ ☐
Sour or Upset? ☐ ☐
Tired-Listless? ☐ ☐

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

"RIVERSIDES *didn't come on my car*
I CHOSE THEM!"

. . . and I see a lot of other farmers figure tires like I do!

"When we were in town, Saturday, walking by all the parked cars along Main Street, I happened to notice the number of cars that had Riverside tires. Farmers' cars, like mine. And I got to wondering if all those men had switched to Riversides for the same reasons I did. 'Cause you know, Jim, none of those Riversides came on those cars!"

The American farmer is typical of the millions of car-owners, city and country-folk alike, who have switched to Riversides. He, like you, wants a tire that gives him the most for his money; long wear on rugged roads; maximum protection against blow-outs. (Do you know that Riversides' plies, today, are **12% stronger** than our pre-war tires!)
