

MEDFORD SOLDIER AMONG WITNESSES LUZON SURRENDER

Writing that the Japanese officers in his sector wouldn't believe the war was over until "we sent them a radio and papers with the surrender terms given out", Sgt. Dolph W. Guyer of Medford recently wrote to a friend, giving details of the surrender and enclosing pictures of the participating officers. Sgt. Guyer wrote from Cagayan Valley, Luzon, Philippine Islands.

"They have quite an army here to surrender and are all coming down out of the hills on caribou and carts loaded with litter cases and men weary of a lost battle," Guyer wrote. "I think they are very glad it is over for them."

Writing of the surrender Guyer said "The Japanese captain, after the terms were discussed and finally decided on, was asked if he could speak English and said 'Oh, yes, I graduated from college in Hawaii.' He added that this considerably surprised the Americans, since the captain had permitted the discussion to proceed through an interpreter.

The sergeant stated that he would be discharged at Ft. MacArthur, Calif., when he returned home and added, "I hear it only takes 52 hours to become a civilian. It only took 10 minutes to get in the army."

Sgt. Guyer is the son of Mr. and Mrs. Roy Guyer, 319 Portland avenue.

G. P. MAN NAMED FIELD HEAD FOR ACCIDENT GROUP

Paul E. Gurske, chairman of the state industrial accident commission has announced that William Bell, Grants Pass, has been appointed field man of the accident prevention division of the commission for Jackson and Josephine counties.

Bell succeeds C. L. (Sam) Brown, Medford, who has been assigned to work with safety committees on accident prevention programs for firms in Jackson, Josephine, Klamath, Lake, Deschutes and Crook counties.

Six additional field men have been added to the staff of the accident prevention division, Gurske stated, which now has 19 men making plant and operations safety inspections.

That there is a decided reduction of industrial accidents in Oregon during 1945 as compared to last year is indicated by reports filed with the commission. Up to V-J day, there was an increase of 1,482,293 "man days of employment" during the first 34 weeks of this year as compared to the same period of last year.

During the first 36 weeks of 1945 as compared to the same period of 1944, there has been a reduction of 5750 claims filed with the commission. A comparison of the same periods show a reduction of 7 fatalities during 1945.

Civil Service To Hold Examination For Director Job

An examination for civil service director for the Oregon State Civil Service Commission has been announced by the commission.

Application forms, which may be obtained from the office of the State Civil Service Commission, 319 State Capitol Building, Salem, must be on file in the commission's office on or before Oct. 15.

Among qualifications are four years of college, at least five years of successful full-time paid employment within the last 10 years in administrative or technical work of progressively increasing responsibility pertaining directly to the operation of a large scale public or private personnel program. War veterans will be given preference, it was stated.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—New Her Backache is better—Many sufferers believe moving backache quickly, some they discover that the real cause of their trouble may be tired kidneys.
