USO TASKS NOT OVER, DECLARES NATIONAL HEAD

Portland, Ore., Sept. 26—(U.P.)—Any idea that the USO's work is over because the war is ended is mistaken, Dr. Kimbly E. Kimball, national president, said today.

Stopping in Portland while on a tour to "see what the USO picture is," Dr. Kimball pointed out that as men are discharged faster, the load becomes heavier, especially on the Pacific Coast. USO camp units are in operation at Marseilles, the Philippines and in Germany, he said. The number necessary for the occupation forces in Japan and China has not yet been determined, according to Dr. Kimball.

Offshore bases total 178 service units and extend to the coast of Brazil, the organization president said. His work in Alaska has been held up for awhile and the work in Hawaii is decreasing somewhat. Illustrating the heavy load of the Hawaiian unit, he said that a cork floor, guaranteed to last ten years, was worn through in six months.

Heavy work for the USO units in vicinities of 123 hospitals in the United States, half of them in the Pacific region, was predicted by Dr. Kimball. Over 500 USO clubs are serving patients, chiefly ambulatory cases, now, he said.

Blind Girl Arrives For Wedding To End Ten-Year Courtship

Southampton, Eng., Sept. 26—(U.P.)—A ten-year courtship by trans-Atlantic mail between a blind couple was sealed today when 44-year-old Christopher Marsom gazed shyly for the hand of Mary Mansfield and slipped an engagement ring on her finger. Mary, slim and chic in a two-piece green outfit with beret to match, stepped off the gangplank of the Dutch liner Jutlandia and into the arms of her future husband this afternoon at the close of an exciting 5,000-mile trip by air and sea from her home in Colorado Springs. She told reporters her affliction was no handicap in the kitchen and promised Christopher that "I can cook as good as any bride." After the customs formalities.
