

WINTER SPORTS IN CRATER PARK OUT THIS YEAR

Lack of Funds Prevents Effort Chamber of Commerce Told By Ellsworth

Due to the lack of funds, it will be impossible to keep Crater Lake National park open for winter sports enthusiasts and other travelers this winter, a letter from Newton B. Drury, director of national parks, to Congressman Harris Ellsworth, states. Ellsworth and other congressional representatives from Oregon have been aiding the Jackson county Chamber of

They rub elbows with us!

Nearly 85,000 men and women now share ownership in Standard of California, Old and poor. Young and rich. This one drives a truck. That one runs a store. Another's job is fighting. Still another is a nurse.

In number, in spirit, in variety, our stockholders constitute an army. They are a segment of America. A cross section of the people. Your next door neighbor may be—perhaps is—among them. The voters of your home town make up a no more democratic list.

Scattered all over the United States you'll find them. But most of them are Western people. Some 31,500 of the 85,000 live in California—10,000 in Los Angeles County... 7,700 in San Francisco... 47 in little Amador County (Pop. about 8,500).

All but one of California's 58 counties are represented. So are 34 of Oregon's 36 counties—and the same number of Washington's 39 counties... That's Distribution with a capital D. But it's just a starter.

Out in mid-Pacific you'll find resident stockholders of ours—on small Hawaiian Islands. Up among the tottem poles of Alaska—only a sleeper jump (by plane) from the North Pole—you'll find them. Ketchikan has eight—Petersburg seven.

Alaska has long been our "farthest North." In that outpost, we've done business for decades. And it's simple company history that wherever we do business, over the years we acquire stockholders.

Thus, a vast share of our stockholders have close contact with their company. They get an intimate picture of its operations—because they rub elbows with us.

Commerce in its efforts to have the park kept open and a report on the letter was made at the board of directors meeting Friday by Mark Goldy of the park committee.

Drury also wrote that finances would probably not be a problem after this winter, since the federal-aid highway act of 1944 provides that appropriations made to the service will be available for maintenance as well as for construction.

Housing Problem
J. E. Earley reported on housing, stating that a saturation point seemed to have been reached but that many naval officers and newcomers were still without housing. He urged the board members to aid with solving the problem in every possible fashion.

Reporting on the progress of the new city park along the banks of Bear creek, Frank Rogers, city superintendent, stated that plans and preliminary work were going ahead rapidly and that by next fall certain areas would be laid out and planted to shrubs and trees.

Film Finished
President Herb Grey stated that Universal Studios had about finished with the filming of "Canyon Passage" at Diamond Lake and that the picture would probably be released in the spring. Company executives and workers were highly pleased, he said, with the results of the filming done here and it was generally believed that other companies might use this section of the country for future film work.

Larry Kelly, operator of the new Evergreen bus service, was introduced at the meeting. Members were reminded that Dr. Harry K. Newburn, president of the University of Oregon, will speak at a forum luncheon meeting of the chamber Thursday noon at the Holland hotel, with the public invited to attend.

Louisville Takes Final Contest Of Miniature Series

Louisville, Ky., Oct. 15—(U.P.)—The 1945 "Little World Series" crown was worn today by the Louisville Colonels of the American Association who romped in with a 5 to 3 victory over the Newark Bears of the International league behind the pitching of Rex Cecil.

By yesterday's win, the Colonels captured the title four games to two, despite 56-degree weather which kept 7,882 fans sweltering. It was the second triumph of the series for Cecil, who struck out seven and walked two with support of the strong "clutch" hitting of his teammates. Brilliance marked Cecil's pulling out of trouble in the second, seventh and eighth innings.

Americans Capture Pan-American Wins

Mexico City, Oct. 15—(U.P.)—United States players headed homeward today with a share of every title in the fourth annual Pan-American tennis tournament. Frank Parker, U. S. men's singles champion, dethroned Francisco Segura of Ecuador and Florida for the Pan-American crown yesterday, 9-7, 2-6, 6-2, 8-6; Mary Arnold of Oregon had won the women's singles title Saturday; Parker and Segura won the men's doubles; Miss Arnold and Dorothy Head of Los Angeles won the women's doubles, and Miss Arnold and Armando Vega of Mexico won the mixed doubles.

CRASH CAUSE FOUND

Washington, Oct. 15—(U.P.)—The Interstate Commerce commission today blamed failure to reduce speed when entering a siding for the Sept. 4 derailment of a 17-car passenger train on the Atchison, Topeka & Santa Fe railroad at Santa Anita, Calif. The engineer was killed and 288 persons were injured in the accident, the ICC said.

MINE SINKS SHIP

Tokyo, Oct. 15—(U.P.)—The 800-ton steamer Tama Maru sank after striking a mine yesterday off Katsumoto, Iki Island, dispatches from Fukuoka said today. A Dumel dispatch said only 54 of the 600 passengers aboard the ship had been rescued.

LONG WAIT AHEAD FOR ARMY WIVES OVERSEAS BOUND

Washington, Oct. 15—(U.P.)—Army wives whose husbands are in occupation service overseas apparently will have to wait at least until next spring if they're hoping to join them.

Latest word on the subject came from Assistant Secretary of War John J. McCloy. He said in Vienna that as soon as the approximate length of occupation is determined, methods will be worked out for army dependents to go overseas. But he added it wouldn't come this winter.

The decision as to when dependents may enter occupied countries will be made by the theater commanders. Gen. Dwight D. Eisenhower said last summer that he hoped to see the arrangements worked out, but reminded that Germany was a hostile country, with shortage of quarters, food, fuel and everything else.

This position will not be essentially altered in Germany this winter. It may even be worse in Japan. Dependents of army personnel are now permitted to go to Latin American points when suitable housing, food, medical supplies and transport is available.

Wall Street

New York, Oct. 15—(U.P.)—The stock market rose fractions to more than a point today to a new high since March 10, 1937 but reacted on last-minute profit-taking to close slightly under the final levels of last Thursday. Selling was interpreted in Wall Street as a wholly technical reaction to recent market strength. There was nothing in the news to account for the liquidating movement, apart from a desire to pocket profits.

Preliminary closing Dow-Jones stock averages: Industrial 185.54 off 0.18; railroad 60.10, off 0.07; utility 35.18, off 0.06; 65 stocks 68.90, off 0.08.
Sales totaled 1,630,000 shares compared with 1,560,000 Thursday.

EIGHT JOIN GUARD DURING CAMPAIGN

Medford's Oregon State Guard unit was increased eight members as the result of a recruiting campaign staged at the Chamber of Commerce and ending with a program Saturday night. Participating were representatives of all veterans' groups of the city.

The program, for which C. Lyall Fidler acted as master of ceremonies, was preceded by numbers by the Ashland Kiltie band, which paraded up Main street to the Chamber of Commerce building. The drum and bugle corps of Boy Scout troop No. 2 and Eve Prentice's Accordion Girls also provided entertainment for the program. Speaking for veterans' groups were Lester Mathes, DAV; Carl Knutson, Military Order of the Purple Heart; Leon Jacobs, American Legion; Frank Walker, F.V.

BRICKER TOPS GOP PRESTIGE SURVEY

Chicago, Oct. 15—(U.P.)—John W. Bricker, former governor of Ohio and 1944 presidential candidate in 1944, heads a list of five party leaders in prestige, it was disclosed today in a "grass roots" survey of Republican leaders.

The survey was made by C. M. Oehler, public opinion analyst, for the Republican, national party magazine, who made similar surveys in December, 1943, and April, 1944. Questionnaires were sent by Oehler to 4,249 Republican county chairmen, state committee members and other local leaders.

The survey listed the five leaders by percentage as follows: John W. Bricker, 73.4; Sen. Arthur H. Vandenberg, 64.6; Gov. Thomas E. Dewey, of New York, 1944 presidential candidate, 63.4; former President Herbert Hoover, 62.3; Cmdr. Harold E. Stassen, former governor of Minnesota, 59.6.

ROOSTER BEATS DAWN

Indianapolis—(U.P.)—East Indianapolis residents are being plagued by a neighboring rooster which apparently never has learned to tell time. He crows every morning at 1:30 instead of waiting until the crack of dawn.

AIRLINE BUMPING IS THING OF PAST

Washington, Oct. 15—(U.P.)—For the first time in three years air travelers today were secure in the knowledge that they could not be "bumped" by someone with a government priority.

But they still faced the problem of obtaining a reservation. Although airline priorities were discontinued at 12:01 a. m. today—ending three years of wartime controls—the major airlines were requesting reservations for most points a week or two in advance.

TWA said it was accepting no reservations for the west coast before Nov. 1. No seats will be open for Chicago, Indianapolis and Kansas City until Oct. 23.
