Admiral Halsey's Third Fleet Steams Home

It's a great day for the Navy as the U. S. Third Fleet sails from Pearl Harbor for the U. S. West Coast. First in line is Admiral "Bull" Halsey's flagship, USS South Dakota, and following in its wake are the USS Alabama, Iowa, Wisconsin, West Virginia and the Colorado. Approximately 14,000 servicemen are aboard 17 units. U. S. Navy photo.

men preparing for advanced schooling under the GI Bill of Rights, Oregon's university and colleges will face new problems. The viewpoint of the head of the state university will be especially interesting to people of this community.

Dr. Newburn, a newcomer to Oregon, has not yet visited this section of the state and Thursday's chamber forum luncheon will provide an opportunity for him to meet citizens of this community. Mrs. Newburn will accompany the president.

The visit of Dr. Newburn to Medford will follow an address Wednesday night at Grants Pass. Thursday evening he will speak at Klamath Falls.

SALVATION ARMY CORPS INCLUDES VARIED PROGRAM

The diversified program of the local Salvation Army corps includes a youth program, an organization in which women are taught sewing, cooking and craft work, a counseling service which results in both advisory and material help and other projects in addition to the purely religious work of the corps, the annual report to the Community Chest relates:

Friday night is youth night at the local corps headquarters and from 6:30 to 9 p. m. boys and girls have an opportunity to take part in the Scout and Guard program. Craft work can be taken up by those who prefer it. Saturday afternoon is given over entirely to a program for girls ranging in ages from 8 to 11 years, with all classes having good, volunteer leadership, the report states.

Thursday afternoon the Women's Home League operates classes for all women over 18 years of age, and this year basket weaving is being added to the cooking and sewing instruction, it is stated.

Reviewing the counseling service, the report states that material help was given to persons or families after 225 interviews, and that approximately 500 interviews were given where the assistance was of an advisory nature only.

"The Army's doors are never closed to those in need," the report states, "be it for food, clothing, advice or spiritual help. The Salvation Army is an organization that did not just happen, it was born of a need. The founder chose as his motto 'Others,' and the Army is still living up to that motto."

ZONTA MEMBERS ARE BACK FROM PORTLAND MEET

Four Medford members of Zonta International, classified service club for business and professional women, returned home Sunday night and Monday from Portland where they attended a district conference of the club. In attendance were Grace Holmes, official delegate, whose classification in the club is insurance; Florence Bolton, club president; whose classification is medical laboratory work; Ilean Grigsby, whose classification is printing, and Effie Kurtz, whose membership is under music.

Delegates to the conference report that forum discussions on such questions as racial problems were one of the highlights of the meeting and that interesting reports by club members included one on the success of non-

denominational religious instruction in public schools.

Mrs. Kurtz, who attended as vice-president of the district, acted as song leader for the conference.

The Medford club reports that one of its newest projects will be presentation of a Medford Business college scholarship to an outstanding business student in a county high school other than Medford. First scholarship will be presented next spring at graduation time.

\$928,000,000 NEEDED FOR DEATH BENEFITS

Washington, Oct. 16—(U.P.)—President Truman today asked congress to appropriate an additional \$928,000,000 for the operations of the veterans administration in the 1946 fiscal year.

In an accompanying letter, Budget Director Harold Smith said that the funds will be used to pay the death benefits of government-insured soldiers and sailors who died in service.

Because of a fashion craze in France for beaver hats, Detroit was founded by the French explorer Cadillac who was scouring the New World for "beaver gold mines."

OPEN MUSIC ASSN. MEMBER DRIVE AT OFFICERS' DINNER

Opening its annual one-week membership campaign, officers and workers of the Jackson county Civic Music association inaugurated the drive with a dinner last night at the Holland hotel. President Seth M. Bullis presided with 100 in attendance.

Throughout this week the workers will canvass Medford and the other cities of the Rogue Valley for new members for the association. Every season the association presents a series of concerts by artists of stage, screen, radio and opera fame.

Bullis opened the meeting with an introduction of officers and guests, and an outline of the Civic Music plan, pointing out its value to the community as a cultural asset. He then introduced Louis F. Judkins, field representative of the Civic Concert Service of New York who issued the workers supply kits and gave instructions for conducting the campaign.

Because of a possibility of a sold-out capacity membership before close of the week, Judkins especially urged the workers to report to the headquarters at the Chamber of Commerce on Wednesday and Friday so that complete tabulations may be made. No memberships will be available after the week is over. Anyone interested may join.

Serving with Bullis as officers are: Mrs. Alex Kuehltau, Mrs. John Boyle, Mrs. M. N. Hogan, Miss Mabel Nansen, Mrs. Una B. Inch, vice presidents; Mrs. Richard Payne, secretary, and Eugene Ferrel, treasurer.

*HAMLET, one of the world's most famous plays, is read, performed and loved throughout the world. Written by Shakespeare in about 1600, Hamlet would claim immortality if for no other reason than the superbly moving Soliloquy—"To be or not to be..." In this play are captured for all time the essential grandeur and tragedy of human life and aspirations.
