

ORGANIZATION TO CONTROL WEAPONS SOUGHT BY GROUP

Dublin, N. H., Oct. 17—(U.P.) Creation of a world federal government to replace the present United Nations organization and to control the atomic bomb and other major war weapons was proposed today by a group of prominent Americans.

In resolutions adopted after a five-day conference at which former Supreme Court Justice Owen J. Roberts presided, the majority of the group proposed: That the implications of the atomic bomb are "appalling" . . . There is no presently known adequate defense against the bombs and "there is no time to lose in creating effective international institutions to prevent war by exclusive control of the bomb and other major weapons."

That the United Nations charter is inadequate and behind the times as a means to promote peace and world order.

That in place of the present United Nations organization there must be substituted a world federal government . . . to prevent war, including power to control the atomic bomb and other major weapons and to maintain world inspection and police forces.

Ralph Lue Among Masons Honored

Ralph G. Lue, Sunset Park, was one of several Oregon Scottish Rite Masons designated to receive the investiture of knight commander of the court of honor by the supreme council at Washington, D. C., according to news received in Portland from Leslie M. Scott, 33rd degree, sovereign grand inspector general for Oregon, who is attending the supreme council meeting.

The ceremony of investiture of knight commander will be held in Portland Scottish Rite temple Tuesday, Dec. 11. Honors extended by the supreme council are for meritorious service in Masonry, with special reference to Scottish Rite activity.

Married Nurses Must Quit Navy

Washington, Oct. 17—(U.P.)—The navy announced today that 700 married navy nurses must resign immediately. It reinstated a rule, suspended last January, that married nurses may not remain in the service.

"TEN YEARS SINCE I TOOK A LAXATIVE"

Famous Cereal Helps to Keep Him Regular

Want lasting relief from constipation! Then read this sincere, unsolicited letter:—

"For several years I had constipation—seemed to be always in misery. A friend at the steel works told me to try KELLOGG'S ALL-BRAN. So I started eating ALL-BRAN regularly and I haven't had to take a laxative for 10 years." George Ross, 1537 Maryland Avenue, Covington, Ky.

Want to be free from constipation for the rest of your life? You may—if your constipation is due to lack of bulk in the diet—and you eat a daily dish of KELLOGG'S ALL-BRAN and drink plenty of water. If not completely satisfied, send the empty carton to Kellogg's of Battle Creek. You'll receive double your money back! ALL-BRAN is not a purgative. It's a naturally regulating food made from the vital outer layers of wheat. It supplies gentle-acting bulk that promotes normal laxation. Ask for ALL-BRAN at your grocer's. Made by Kellogg's of Battle Creek and Omaha.

COYLE RETURNS TO RESUME PRACTICE

Capt. Charles L. Coyle, recently discharged from the army medical corps, has returned to Medford and will resume practice here. He served in the European theater, where he received the air medal for distinguished achievement.

A citation sets forth that Capt. Coyle served with high distinction in evacuation of wounded personnel from battle areas, "riding with them in unarmed and unarmored aircraft to hospital areas and caring for them with high courage, technical proficiency and devotion to duty."

He enlisted from this city more than two years ago. His wife and two children reside here, the family home being at 708 Park street. Dr. Coyle states that he will be ready to receive patients at his office, 201 Medford building, about the middle of next week.

MAIN-3995

Sounds like a telephone number—and it's true that telephone traffic is heavy when a shipload of servicemen arrive from overseas. But, in this case, MAIN-3995 designates a railroad train.

All special troop trains which carry servicemen from Atlantic or Pacific ports to a redeployment (or separation) center are given a number by military authorities, and all numbers carry the MAIN prefix.

These trains, operating day and night, require a great deal of available railroad equipment. On top of that, it is the job of Union Pacific, and other railroads, to further transport the servicemen from the redeployment centers to their homes.

There are still hundreds of thousands of men to be transported from East and West. Union Pacific, a transcontinental railroad, will be called upon to carry a large share of the load.

Civilian travel conditions are much improved and greater improvement is in sight. But if you still find it difficult to obtain transportation when required, you'll know there's a very important reason. We all want to get those boys home as quickly as possible.
