Wall Street

New York, Oct. 23—(U.P.)—The stock market rallied late today and regained part of the losses of 1 to 3 points suffered earlier when United States Steel Corporation flatly rejected union wage demands.

Final approval by the Senate Finance Committee of a tax-cut bill slicing $5,629,000,000 from 1946 federal levies steadied prices toward the close.

Answering the demands of the UAW-CIO for a $2-a-day pay boost, U. S. Steel said such an increase was impossible at this time because of existing ceiling prices and the administration's wage stabilization policy.

Steel shares had late losses of more than a point in such leaders as Bethlehem, U. S. Steel and Crucible. Motors were down 2 points in Chrysler and General Motors, reflecting tomorrow's pending strike vote among G-M workers.

Preliminary closing Dow-Jones averages: Industrial 186.15, off 0.91; Railroad 59.58, off 0.66; Utility 35.70, off 0.15; 65 Stocks 68.98, off 0.47.

Manufacturers Of DDT Insecticides Face Crack-Down

Washington, Sept. 25—(U.P.)—The government is preparing to crack down on manufacturers who are cashing in on the magic name of DDT with so-called "DDT insecticides" that are really of little or no value as bug-killers.

Government scientists emphasized that DDT actually is as potent as its reputation indicates. But the trouble with many "DDT" products now on the market, they said, is that they have as little as 1/100 of one per cent DDT.

Most effective solutions, the Agriculture department said, contain at least five per cent.
