

CORPORAL SNOOK OF 96TH DIVISION CITATION WINNER

Cpl. John C. Snook of route 1, box 97, Central Point, has been cited by Maj. Gen. Bradley of the 96th division, for "meritorious achievement in connection with military operations against the enemy on Leyte Island from Oct. 20, 1944, to Dec. 31, 1944, and on Okinawa Island from April 1, 1945, to June 22,

1945," and a copy of the citation has been forwarded to his parents, Mr. and Mrs. W. C. Snook. The citation relates that "during the Leyte campaign Corporal, then technician fifth grade, Snook, was detailed as driver of a cargo truck which hauled ammunition, water, rations and medical supplies through the worst of roads and climatic conditions. On numerous occasions he operated over road nets and through terrain subjected to enemy observation and fire. "On Okinawa, Cpl. Snook served as first battalion transportation corporal, and as such was responsible for the maintenance and dispatching of all trucks in the battalion section.

When Okinawa was turned into a sea of mud due to torrential rains, Cpl. Snook worked ceaselessly and tirelessly in his task of getting his vehicles loaded with ammunition, rations and water and to insure that they got to their battalions. By using artillery tractors and any other means possible, he succeeded in delivering the supplies with great effectiveness and success. "Most of the routes over which he traveled were constructed through enemy mine fields and subjected to enemy sniper, machine gun and artillery fire. In addition he voluntarily made independent reconnaissance to find better routes of advance, which was successful on many occasions. Cpl. Snook's devotion to duty and manner of performance was a great source of pride

to all who served with him." Cpl. Snook, in the army three years, trained at Camp White with the 96th division and in a recent letter to his parents stated he expected to be home by the middle of November. His wife and daughter live in Westwood, Calif. The corporal attended school at Prospect.

USED CAR SELLER TO FILE WITH OPA BOARD
In order to keep a check on prices asked for used cars, the OPA has announced that effective October 22 sellers of used passenger automobiles, rather than buyers, must file certificates of transfer with local war price and rationing boards. The purchaser's statement is

being abolished, relieving the buyer of need for making a trip to his local board. The same procedure with regard to filing of certificates of transfer by sellers of used commercial motor vehicles and used motorcycles is to be provided by OPA shortly.
