

# CHRISTIANSON TO BE BURIED IN EAST

Orval G. Christianson, who passed away in the navy hospital at Camp White Sunday as the result of an auto wreck on Green Springs highway, was born at Scandia, Minn., Aug. 28, 1914.

He had been in this community only a few weeks. He had recently been discharged from the army having served four years one and a half years in the Aleutians as heavy machine gunner.

Besides his wife, Mae Christianson, he leaves five brothers and one sister, Norman Christianson, of Minnesota; Archie and Stanley, in U. S. army; Theodore, U. S. Navy; Ordean, Minnesota, and Alma Christianson, of Minnesota, a daughter Bonney Christianson and his parents, Bennie and Nellie Christianson, also of Minnesota.

His father came here by plane and will escort the remains back to Minnesota for services and interment. Conger-Morris Funeral Parlors are in charge.

## Livestock

South San Francisco, Oct. 24—(U.P.)—USDA—Cattle saleable 125, about steady, medium to good steers absent, few loads feeder steers \$7.50-13. Good cows \$7.50-12.25. Two loads medium range cows 7, with light sort. Cutters to common \$8-10. Canners \$6.50-8.00, common to good sausage bulls \$10-12. Calves 4's, steady. Few good to choice \$14-15.

Hogs 123, steady. Good and choice 225-325 lb. barrows and gilts \$15.80. Old good sows \$15.00.

Sheep 700, fully steady. Good and choice woolled lambs quoted \$14.75. Good ewes \$7.50-9.00. Common to medium \$5-4.

Portland, Ore., Oct. 24—(U.P.)—Livestock: Cattle 250, calves 50, Ac.

## CONSTIPATION ENDED WITHOUT DRUGS

Millions Turn to Famous Cereal for Lasting Relief!

You, too, may get lasting relief, if you suffer from constipation due to lack of bulk in the diet. As millions do, eat a daily dish of crisp, delicious KELLOGG'S ALL-BRAN, and drink plenty of water. Do this every day, and you may never have to take another laxative as long as you live!

ALL-BRAN'S magic works by providing gentle-acting bulk utilized in the colon to further normal, easy elimination. It's not a purgative. It's a highly nutritious regulating food.

More Nutritious than Whole Wheat

Because ALL-BRAN is made of the vital outer layers of wheat, in which whole-wheat protective food elements are concentrated. One ounce provides over 1/3 your daily iron need—to help make good, red blood. Calcium and phosphorus—to help build bones and teeth. Whole-grain vitamins—to help guard against deficiencies. Protein—to help build body tissue essential for growth.

Eat ALL-BRAN every day. Get this delicious cereal at your grocer's. Made by Kellogg's of Battle Creek and Omaha.

## Wreaths Float in Pacific in Honor of Submarine's Heroes

A member of the Navy's WAVE choir tosses a wreath on the sea in memory of the men who lost their lives at sea. Memorial services were conducted by Chaplain R. W. Truitt from the deck of the frigate Brownsville off the Golden Gate. Among the many floral offerings, sent out by relatives and friends of the dead, was a spray in memory of Commander Howard W. Gilmore and Ensign W. W. Williams of the USS. Growler. The ribbon on the spray bore the command given by Commander Gilmore to the crew of his submarine, while he and Ensign Williams lay wounded on deck. . . . "Take 'er Down."

Chicago, Oct. 24—(U.P.)—(WFA)—Livestock: Cattle 250, calves 50, Ac.

Hogs 4,000 Active, fully steady; good and choice barrows and gilts 140 lb. and up at \$14.85 ceiling; good and choice sows at \$14.10.

Cattle 11,000 Calves 800. Good and choice fed steers and yearlings including comparable heifers, very active, strong, approximately 100 lbs. including 628 lb. heifers, at \$18.00, the ceiling; some slowest and marked unevenness on common and medium grade mostly slow, steady, and unevenly weak to 25 cents off for week to date; bulk fat steers \$16.25 to \$18.00; heifers \$15.00 to \$17.50; beef cows fully steady at \$9.00 upward.

Sheep 4,000. Market rather slow but generally steady on all slaughter classes; good and choice slaughter lambs \$14.50 to \$14.75; bucks \$1.00 less.

**Wall Street**

New York, Oct. 24—(U.P.)—Fears of a new outbreak of labor troubles brought further selling into the stock market today.

At the day's lows the list showed losses of 1 to 3 points. Some stocks came back from their lows before the close, but a majority finished lower than yesterday's last levels. Volume, though lighter than last week's average, was near the previous session's.

Preliminary closing Dow-Jones stock averages: Industrial 183.72, off 2.43; rail 59.19, off 0.37; utility 35.42, off 0.28; 65 stocks 68.25, off 0.73.

Sales totaled 1,360,000 shares compared with 1,370,000 yesterday.

## CHEMICAL SPRAY SEEN AS RELIEF FOR HAY FEVER

Lansing, Mich. — (U.P.) — Hay fever sufferers may never again sneeze convulsively or wear dark glasses to cover their watery, bloodshot eyes if a plan suggested by a Michigan State college professor is adopted on a nation-wide scale.

The professor, Dr. B. G. Grigsby, of the college botany department, has completed an experiment which he believes has produced the answer to the hay fever victim's prayer.

The experiment consisted of spraying ragweed plants about to blossom with varying solutions of the chemical weed-killed 2-4-D.

**Stunts Plant's Growth**

From these tests, Grigsby found that a solution of one part of the chemical to 3,000 parts of water would curb growth of the plants so they would not pollinize.

Although the plants were not killed, they were stunted to such an extent that their blossoms can not appear until after the first frosts.

Grigsby contends that if farmers and city residents would spray the ragweed on their property, pollen would not be given off and the midsummer sniffles which annually annoy thousands of Americans would virtually disappear.

It would not be such an all-consuming task either, according to Grigsby. He explained that ragweed grows only in cultivated areas, generally along fence rows, and not in waste areas.

**No Damage to Crops**

It would be a simple and cheap task for each farmer to spray the plants on his land just before the pollen is given off, Grigsby asserted.

Average cost of the spray would be less than \$3 per acre, he said, adding that not many farms have more than one acre of ragweed plants.

The spray can be used anywhere without fear of damaging crops, Grigsby declared, because of the comparatively weak solution.

The weak mixture was devised to prevent killing the plants because of their usefulness as a deterrent to soil erosion, the MSC professor said. Plants sprayed with a strong solution die in about 10 days.

Before Old Man Winter comes to stay,  
Get Du Pont anti-freeze  
—don't delay!

Replacing a damaged radiator would cost you \$40.00 or more . . . and you might have trouble finding one. That's why it's wise to put in anti-freeze before a cold snap has a chance to ruin the radiator or other cooling system parts of your car.

For thorough anti-freeze protection, get Du Pont "Zerex" or War Emergency "Zerone" today.

**\$1.40 a gal.** War Emergency "Zerone" gives thorough protection against rust and corrosion as well as freezing. Until regular "Zerone" comes back (this season's production went to war), there's no better buy at the price. Remember, it's made by Du Pont.

**\$2.65 a gal.** A limited supply of "Zerex," Du Pont's non-evaporating anti-freeze, is now available. "Zerex" won't boil out. One filling lasts all winter. Nothing to worry about. Gives complete protection against rust and corrosion—won't form sludge or clog radiators. \*TRADE MARK
