## MEDFORD SQUAD IN GOOD SHAPE FOR LOOP GAME

**Coach Al Simpson Polishes Passing Attack; Whillock Moved To Kicking Spot**

With the Southern Oregon conference football championship within their grasp, the Medford Black Tornado will blow into Grants Pass tomorrow night for a league clash with the Cavemen.

Coach Al Simpson has been drilling the Tornado all week on their passing attack which is be-

ginning to reach mid-season form. Earl Stelle and Jerry Ross have been alternating at the passing spot with Glenn Bostwick, Darrell Riggs, Al Kircher and Bill Singler doing the receiving.

**Whillock Kicking**  
Howard Whillock, regular off and punting in the future, off and punting in the future, Simpson said, with fullback Bob Watson moving into tackle position on punt formation. Whillock is rapidly developing his kicking toe and getting off 50 and 60 yard punts with regularity, the mentor said.

Simpson put his boys through a heavy scrimmage Tuesday and Wednesday night but will have only light drills tonight. The entire squad is in good shape for the struggle. Jim Cave, regular center who suffered a minor chest injury in the Klamath Falls game last week, has recovered sufficiently to play. He worked out Tuesday evening and will probably be in the starting lineup, according to the coach.

**Cavemen Ready**  
Reports from Grants Pass indicate the squad is in fair condition following their bruising battle with Klamath Falls two weeks ago when most of the first stringers were out with injuries for several days. The Cavemen lost a heart-breaker to Ashland last week when the Grizzlies scored two touchdowns in the last two minutes and are reported to be ready to take their revenge out on the Tornado.

Principal Lester Harris said today that tickets for the Bend-Medford game here Nov. 2 are on sale at the high school office. Harris called attention to the fact that school will be closed Nov. 1 and 2 and said anyone wishing tickets should call for them before Nov. 1.

**DOE APPLICATION DATES ANNOUNCED**  
Hunters who want their applications included in the drawing for special tags to hunt deer in the Fort Rock-Silver Lake area of northern Lake county must have the applications filed at the Oregon State Game Commission office in 616 Oregon Building, Portland, by the end of the day's business on Monday October 29.

Only 800 tags will be issued and since the number of applications will exceed this number, a drawing will be held at 10 a. m. Wednesday, October 31, at the Commission's office. The drawing will be open to the public.

The tags will be good for hunting only during the period December 1 to 5, inclusive.

**ASHLAND WILL FACE MARSHFIELD FRIDAY**

Ashland, Oct. 25—(U.P.)—The high's Grizzlies, losers of but one football game this season, face Marshfield high school of Coos Bay on Walter Phillips field here Friday night. The game should give an idea of how Medford and Ashland will stack up for their crucial game at Medford Armistice Day since the Black Tornado defeated Marshfield 40-0 earlier in the season.

Closing time for Sunday Too Late to Classify 4:00 Saturday afternoon. Please remember.

## LIPSCOMB READY FOR MASK BOUT; JONES IN MATCH

**TONIGHT'S CARD**  
Jack Lipscomb vs. Gray Mask Rufus Jones vs. Angelo Martinelli  
Joe Lynam vs. Herb Parks

Jack (Buck) Lipscomb, the coast junior heavyweight champion, arrived in Medford this morning for his main event clash with the Gray Mask at Medford armory tonight, all steamed up and determined to put an end to the Hood's consistent victorious ways. Lipscomb, who is one of the most brutal matmen ever to set foot in the North Bartlett street mayhem emporium generally is detested by the cash customers but will be a heavy favorite when he goes against the dreaded mystery man.

In the other half of the double main event Rough Rufus Jones, the Negro head butting ace who is becoming more in disfavor with fans by his consistent refusal to meet the Mask, will take on rugged Angelo Martinelli. Jones will probably be forced into a bout with the Mask if he wins tonight.

The 8:30 p. m. opener promises to be one of the most clever bouts of several weeks when Herb Parks, classy Canadian champion, goes against Joe Lynam, who recently returned after about three years in the armed forces in the South Pacific.

Pronator Mack Lillard said this morning advance ticket sales promised a record crowd although several ringside seats will be available at the armory ticket office tonight.

**Portland Will Get Horse Race Track**

San Mateo Oct. 25—(U.P.)—Plans have been completed for a new race track near Portland with the first meeting tentatively set for next spring. William P. Kye, general manager of Bay Meadows, announced today. Oregon racing commission members with whom Kye has conferred here apparently have been satisfied with plans for the track after investigating Bay Meadows. The Oregon track, north of Portland between two main highways leading to Vancouver Wash., will be similar to Bay Meadows but on a smaller scale. An estimated 7,500 fans will be accommodated.

**Television Assured Orange Bowl Game**

Miami, Oct. 25—(U.P.)—The Columbia broadcasting system held a two-year contract with the Orange Bowl committee today for television and broadcast rights of the annual New Year's Day football game.

Columbia also took an option on the Orange Bowl contests of 1948, 1949 and 1950. Television was not expected to be inaugurated until 1948.

# Black Tornado Thumbnails

Following is second in a series of "thumbnail sketches" on members of the 1945 Medford high school Black Tornado football squad:

**EARL STELLE, QUARTERBACK**  
Earl Stelle, quarterback, playing his first year on the Medford high school first string, was born in Medford, July 3, 1928, and started playing football with the second grade team at Roosevelt grade school. He continued his grid career in junior high school and was alternate quarterback last season. Stelle weighs 158 pounds and is five feet, 11 inches tall. He is the key man in the T-formation, his ability to do the right thing augurs well the success of every play. He majors in history, football is his hobby, and he also plays basketball and track. He wants to attend college.

**GLENN BOSTWICK, LEFT HALFBACK**  
Glenn Bostwick, the fleet-footed left halfback, got a "late" start on his football career. He was born in Medford, Jan. 26, 1928, and did not start packing the pigskin until he was in the ninth grade—at Medford junior high. In his second year as a regular halfback, he measures five feet, nine inches tall and weighs 165 pounds. Like most of the football players, he majors in history and takes part in basketball and track. He also wants a college career.

**JERRY CLARK, RIGHT HALFBACK**  
Jerry Clark, right halfback, was born in Myrtle Point, Jan. 27, 1928. He got his introduction to football at Medford's Jackson school while in the fourth grade and saw service with the Medford junior high team. He now is in his second year as a Tornado first stringer. He listed no future plans on his questionnaire.

**BOB WATSON, FULLBACK**  
Bob Watson, fullback, started his football career in the fourth grade at Washington school, continued it through junior high and is now playing his third year as a Medford regular. He was born in Medford, Aug. 13, 1928. Tall, dark haired Bob measures six feet, one inch and boasts the scales to 188 pounds. He is taking an academic course with emphasis on math and science. Record collecting occupies much of his leisure time when he isn't participating in the other two sports of his choice—basketball and baseball. If all works out as he plans, Watson will attend college after graduation in June.

the major leagues if he is good enough.

**To Train In Florida**

Robinson, a 26-year-old shortstop from Pasadena, Cal., who hit .340 in 1945 with the Kansas City Monarchs, a negro team, will train with the Montreal Royals, the International league farm team of the Brooklyn Dodgers. The training camp is at Daytona Beach, Fla., and the mayor there already has told the Dodgers that Robinson must observe the city's segregation rules.

However Branch Rickey of the Dodgers indicated that proper arrangements will be made in Florida and the main issue was expected to be reaction of fans and other players.

Because the "color line" is virtually unknown in Montreal, no repercussions were expected there, and since International league membership extends no further south than Baltimore, other cities too were expected to show no unusual interest.

**Manufacturers Of DDT Insecticides Face Crack-Down**

Washington, Sept. 25—(U.P.)—The government is preparing to crack down on manufacturers who are cashing in on the magic name of DDT with so-called "DDT insecticides" that are really of little or no value as bug-killers.

Government scientists emphasized that DDT actually is as potent as its reputation indicates. But the trouble with many "DDT" products now on the market, they said, is that they have as little as 1/100 of one per cent DDT.

Most effective solutions, the Agriculture department said, contain at least five per cent.
