FAMOUS BLUE GOOSE GIFT BASKETS

*To Be Paid While Learning . . . Then Nice Clean
Work at Good Wages . . .*

For many years we at Blue Goose Orchards have been shipping our gift packages of fruit and Yuletide clusters to people in all parts of the country. We started several years ago in a small, modest way—the few hundred boxes that first year were packed and shipped after hours by our office girls who wanted a little extra cash for Christmas.

It wasn't long before the reputation created by fine quality and craftsmanship of our gift packages, extended into townships of cities, towns and hamlets throughout America. Again this year with a potential reader pull of 21,000,000, our national advertising campaign is producing an avalanche of orders which necessitates our packing and shipping many thousands more packages than we originally intended.

Therefore, in order to continue our roll of Santa Claus, we must augment our present production department with additional new employes for the handling and packing of our baskets and boxes.

**We Also Need 5 Bookkeepers, 10
File Clerks and 10 General
Office Workers**

A Profitable Craft

Basket and gift box packing is an art like decorating or flower arrangement, and with our gift package business growing so fast, those learning now will always find a job open to them in future years.

More Ladies Needed Now

All of our packing is full time work. New training classes are formed each day to teach you to become an expert in packing big, beautiful baskets of Du Comice and D'Anjou pears, and other fruits along with gift boxes of pears and our Yuletide Cluster Ensembles. You are paid by the piece, so as you become more proficient your compensation will increase rapidly. And we mention again that your pay starts immediately as soon as you are accepted as a class member, so you are paid while learning.

**Ideal Working Conditions, Rest
Periods Regularly. Lunch Room
with Free Coffee. Trained Nurse
and Complete Hospital Room.**
