NAME BEND LADY STATE SECRETARY OF J-C AUXILIARY

Mrs. W. A. Jossy of Bend, Ore., was named permanent state secretary by Lady Jaycees at a meeting held Sunday morning in the Holland Hotel by local women of the organization and wives of Junior Chamber of Commerce members here to attend a state board meeting. Mrs. Jossy has been serving as temporary secretary.

After discussion the women decided against a formal state auxiliary, preferring rather to continue on the basis of electing only a state secretary to act as a clearing center between the various auxiliaries for information purposes.

Thirty-four women attended the meeting held in connection with a "brunch."

Mrs. Victor Milnes, who acted as general chairman in charge of women's activities in connection with the state meeting, today gave a complete list of committee members who assisted her. Mrs. Harry Stahl served as registration chairman, assisted by Mrs. Allan Jewett and Mrs. Leo Lasley. For the social hour Mrs. Robert Voegtly and Mrs. Frank Humphrey served on the refreshment committee. Mrs. Wade Stuart, Mrs. G. A. Dierdorff, Mrs. Ray Ish and Mrs. Carl Bennett on the decorations committee, and Mrs. Jewett, Mrs. Milnes, Mrs. C. Lynn Fidler and Mrs. Don Stansell, hostesses. Mrs. Fidler was chairman in charge of the "brunch" and Mrs. Leo Miles was chairman of the decorations committee for the banquet, assisted by Mrs. Cary Thompson, Mrs. Owen Walker and Mrs. Bob Schenck.

EARLY WINDUP IS CHEST DRIVE AIM

It is planned to bring the annual Community Chest and Victory fund campaign to a close as quickly as possible and anyone who has not yet been contacted, is asked to bring his contribution to the headquarters in the Chamber of Commerce building Otto Frohmayer, chairman, stated today.

Frohmayer stated that solicitors are still at work, but that since it is virtually impossible to contact everyone, many persons have voluntarily mailed or brought their contributions to the headquarters. He commended these persons and urged others to follow their example.

Chest headquarters stated that many of the larger industrial plants are still engaged in canvassing employees.

SUGAR

The question is often asked "Is brown sugar as harmful to health as white sugar?" Neither is especially harmful in itself if taken in reasonable amounts. If care is not observed in its use the point which was once a reasonable use for him is no longer so. As a notion the use of sugar is exorbitant. One great harm is that in taking too much sugar, we crowd out of the diet necessary materials. And so the body becomes deficient in certain necessary food elements. The brown sugar contains a larger quantity of varied food elements than does white sugar. Excessive use produces fermentation, which results in irritation. Then, if continued, we have inflammation. We need sugar, but it should be vital. White sugar must be burned in the body. In its burning process it is a drain upon the vitality of the organism. It is not in reality a real food. Of itself it is of little constructive value to the human body.
