Washington, Nov. 21—(U.P.)—Rep. Clarence Lea, D., Calif., today introduced three bills to establish veterans hospitals in Humboldt, Butte, and Mendocino counties in Northern California.

The bills would authorize the veterans administrator to acquire by purchase or condemnation a "suitable site" in each county for a general medical-surgical hospital. In the bills for Butte and Mendocino coun-

ties, Lea specified Paradise and Ukiah as general site areas. He did not mention a specific city in the bill on Humboldt county. Lea proposed a 400-bed hospital in Butte County, a 200-bed hospital in Humboldt County, and a 150-bed hospital in Mendocino County.

Several months ago, the veterans administration outlined tentative plans for hospital locations including a 426-bed hospital in the lower Sacramento Valley and a 150-bed hospital to serve the northern California and southern Oregon areas.
