**YOUR Share of the
Cost Is Extra Bonds**

Many veterans will never get back what they gave up for their country. You get back more than you lend your country—\$4 for every \$3—when you buy Victory Bonds. So it isn't asking too much when Uncle Sam asks your help in caring for our more than 300,000 wounded. Today their medical care and rehabilitation are among America's gravest problems. And the cost is high!

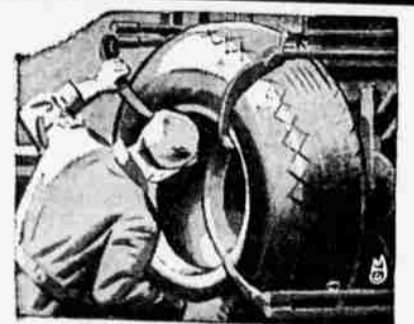

ONE - DAY RECAPPING SERVICE

The Famous Hawkinson Way!

You can get thousands of more miles out of your tires with a Hawkinson Re-Cap if you don't put it off until they get too thin. It is not only dangerous but tire waste to put off recapping too long. For safer fall and winter driving better recap NOW—and to be sure of the BEST job bring your tire to Hawkinson Tire Tread Service. Remember! We can give you ONE DAY SERVICE so that your car will not be held up long.
