Still a country to grow up with

Well, friends, looks like we're a-headin' into this post-war period with the throttle wide open!

Right now, Standard of California is spending 33 post-war millions on a new "this" and a new "that"—on better "these" and improved "those"... with more millions to come!

It isn't the amount that's so important—although the expenditure of 33 millions means quite a few jobs, one creating another. And that's the kind of boost any post-war period needs.

Rather, it's the principle of the thing! For what we are able to do is to shift from war to peace without a slowdown. Our order of the day has been: Full speed ahead!

The switch to peace has meant a change in emphasis—true. But we are also going forward in the belief peace will mean greater over-all activity than ever. Hence, our 33 millions have been allocated through all departments—to be spent on growth.

You'll see results in improved service station facilities. But you can be sure such betterments go through all departments all the way back to the oil fields. Two millions are going into laboratories, where new ideas will be generated. And 15 millions will help our refineries turn those ideas into products. Away back in the days of beaver hats and wood-burner locomotives, Horace Greeley, a man of vision, advised young men to go West and grow up with the country. With a lot of experience to guide us, we feel the West is still a good country to grow up with.

Assembly Of God Evangelist Rites To Be Continued

Due to increasing interest, Evangelist Martin Luther Davidson of Houston, Tex., is remaining in Medford to continue services at the Assembly of God church it was announced today. Davidson has been here for three weeks, and according to the Rev. G. O. Baker, pastor of the church, outstanding results have been witnessed from his preaching.

Sunday evening the evangelist spoke on "seven Bible reasons why I believe Jesus will come in 1946," basing his remarks on II Timothy, chapter three. The reasons given by the speaker were perilous times, disobedience to parents, without natural affection, lovers of pleasure, denying the power of God and blasphemy. The Rev. Baker states that the evangelist's dynamic message moved the large audience in a mass altar call.

Sermon topics this week will be Tuesday, "The Ecstasy of Pentecost"; Wednesday, "God's Bitter Cup"; Thursday, "The Unpardonable Sin"; Friday, "Hot Times Are Here." The meetings begin at 7:30 p. m. each day.
