NO STALLING IN TRAFFIC

IT'S **AROTANE FOR ACTION**

... All the Way!

★ Smooth, stall-free idling requires a gasoline of which every drop ignites easily and burns evenly. A motor turning over slowly will stop—often at the most embarrassing moment—unless each cylinder is "fed" with a properly vaporized fuel of correct volatility and combustion qualities.

The care used in the selection and blending of the component parts of AROTANE—all of which are of high octane rating—gives this great new premium gasoline its Dual Octane Quality as well as the balanced volatility that smooth idling requires.

When AROTANE was formulated, all-round performance was the goal—and it was achieved. AROTANE gives top road performance in ALL cars, under ALL conditions, at ALL speeds. For instant starting, extra power, smooth pick-up, complete elimination of vapor-lock and absolute freedom from knock or ping—It's AROTANE FOR ACTION! AROTANE costs you no more than other premium gasolines, at all Associated Dealers.
