

STAFF PRAISED FOR HELP GIVEN TO X-RAY UNIT

High praise for the staff of the Timber Products company, where the mobile X-ray unit was set up yesterday, was voiced

last night by Mrs. Dwight Findley as she reported 356 people X-rayed in the third day of the public health program. The unit used the facilities of the Timber Products' first aid office and throughout the day John Eby and V. W. Kengia of the company assisted the Jackson County Public Health association and the technicians of the Oregon Tuberculosis association. "It was a grand day," Mrs. Findley declared "and much credit is due the Timber Products company for our success."

I can't say enough about their cooperation. The technicians worked hard to turn out an increase in X-rays each day, also won enthusiastic praise from the county committee. "Messrs. Bradford, Norris and Chia," they declared, "are doing a wonderful job."

The records last night read: Gold Hill, 348; Central Point 348, and Medford 356. Today the mobile unit is located at the county courthouse for the first time. X-rays will be taken until 7 p. m., to enable working men and women to take advantage of the service.

Assisting for the Public Health association yesterday were Mrs. Jack Walker, Mrs. Glenn A. Gibbons, Mrs. Joe Hearin, Mrs. Kenneth Denman and Mrs. Robert Hart.

Monday and Tuesday the mobile unit will operate again at the courthouse location from 10 a. m. to noon and 1 p. m. to 4 p. m. Anyone wishing more phone the county health department 4383.

While physical combat is over for most of the armed forces they too can help in the battle for peace. Victory bonds are a safe and sound investment for accumulated and mustering-out pay.
