'MEANIES' FACE RUGGED EVENING IN BATTLE ROYAL

The Gray Mask, Rough Rufus Jones and Pete Belcastro face a rugged evening in Thursday night's battle royal at Medford armory if past bouts are any indication of what is to come. It is a foregone conclusion that Joe Lynam, Gust Johnson and Angelo Martinelli will team up in an effort to eliminate the bad boys of the wrestling lineup, but to what extent will the ruffians stick together?

Belcastro has been soundly licked by both Jones and the Mask in the past two weeks and probably won't go to the aid of either man should they get in trouble in the free-for-all. There

When local congestion brings chest muscle-aches, Irritation, and tightness of COLD'S' COUGHS

Get after that congestion the Penetro way. Rub Penetro on chest, throat, and back. Penetro helps (1) Break up local congestion, ease chest tightness (2) Relieve pain at nerve ends in the skin. (3) Phlegm loosens, coughing lessens as vapors help you breathe easier quickly. Acts fast, too. For Penetro is Grandma's famous nut-ton-suet rub-idea made better by modern science. Crimson Tide, Trojans Await Rose Bowl Tilt

San Francisco, Dec. 3.—(U.P.)—Peace, it's wonderful!
So wonderful, in fact, that it brings back into the Rose Bowl the two old standbys of the Pasadena classic—University of Southern California and the Alabama Crimson Tide.

The Trojans, the pre-season choice to wend their way to the \$100,000 pot of gold, smothered UCLA Saturday, 26-15, to get their ninth bid to the big game.

Alabama already had been selected to represent the east and it was the sixth bid for the Crimson Tide.

First Meeting

However, it will be the first meeting of the two clubs in the Pasadena Bowl. They have played each other previously against different foes.

Alabama in five tries, defeated Washington in 1926, 20-10; tied with Stanford in 1927, 7-7; downed Washington State 24-0 in 1931; dumped Stanford, 29-13 in 1935, and lost to California in 1938, 13-0.

The Trojans, in eight visits, never have lost—or even been tied. They first took the short trip in 1923 to thump Penn State 14-3.

Pairing "Natural"

After that they downed Pitt in 1930; Tulane in 1932; Pitt in 1933; Duke in 1939; Tennessee in 1940; Washington in 1944 and Tennessee in 1945.

The resultant pairing is a "natural," as the boys in the box office say, and, while the pre-season dope favors Harry Gilmer and the "Bama Tide, the Trojans cannot be underestimated. They have shown a tremendous amount of strength in their late-season games and probably will enter the game no worse than even-money favorites.

Sunday in Kezar stadium, with 60,000 fans looking on, Claude (Buddy) Young, the freshman Negro back from University of Illinois, led the Fleet City Bluejackets to a 23-7 win over Pearl Harbor All-Stars.

Fight Ends Hockey Game

By United Press
The Oakland Oaks knocked the San Diego Skyhawks out of the lead in the Pacific Coast Hockey league with a 7-4 triumph in a game that ended in a riot and a threat of "wholesale fines."

In other games last night, the New Westminster Royals defeated the Seattle Ironmen 3-1 for their second consecutive victory and the Portland Eagles scraped out a 4-3 win over the Hollywood Wolves.

In the last 15 seconds of the Oaks-Skyhawks game at San Diego, Jack Kirk of the Skyhawks and Jack Olson of the Oaks banged away at each other following an argument. Both clubs joined in a 10-minute free-for-all.

After the game, Normey Kirk and Olson engaged in another brawl, joined by Manny Collow of Oakland who eventually was escorted from the ring by police.

Referee Bill Shaver said "wholesale fines will be levied and the case of Collow will be reported to Hal Leader, the commissioner of the league. He can take what steps he thinks best."

In other week-end games, the Los Angeles Monarchs defeated the Oakland Oaks 8-6 and the San Francisco Shamrocks won a 1-6 victory over the Vancouver Canucks.

Minor Loops Plan Preparations For Official Sessions

Columbus, O., Dec. 3.—(U.P.)—Representatives of the International and Piedmont leagues planned meetings today in preparation for Wednesday's official opening of the minor baseball league sessions on Wednesday.

American Association officials met yesterday and elected H. Roy Hamey, president and general manager of the Kansas City Blues, as president of the league, succeeding George Trautman. Trautman resigned to become general manager of the Detroit Tigers. Mike Kelly, president of the Minneapolis Millers, was chosen vice-president.

These amendments were expected to be the chief business before today's International and Piedmont league meetings, with the International leaguers particularly interested in creation of a new AAA classification for itself, the American Association and the Pacific Coast league.

TORONTO MOVES OUT OF HOCKEY CELLAR

(By United Press)
Toronto climbed out of the National Hockey league cellar last night with a 5 to 3 victory over Chicago, while Detroit and Boston tied, 2 to 2, to tighten up the race.

REDSKINS NEAR EAST DIVISION PRO GRID TITLE

New York, Dec. 3.—(U.P.)—The New York Giants, who have won only three games this season but made two of them decisive in the National Football league race, were the only obstacle today to an eastern division title for the Washington Redskins.

New York's 28 to 21 upset of the Philadelphia Eagles yesterday while Washington trimmed Pittsburgh, 24 to 0, sent the Redskins into a one-game lead with one game yet to play—against New York.

Cleveland's Bob Waterfield was the whole show as the Rams defeated Boston, 20 to 7. His passes set up all three Ram touchdowns and his fumble set up the Boston score. He plunged for one touchdown and kicked two extra points.

A strong Detroit defense which stopped Green Bay three times inside the Lion 10-yard line, and a short-passing attack by Chuck Fenebuck in the third period gave Detroit a 14 to 3 win over the Packers. Detroit clinched the western division second place.

The Chicago Bears escaped the cellar position by beating the Chicago Cardinals, 28 to 20, on clever play-calling and precision passing by Quarterback Sid Luckman.

Heavyweights Get First Major Tests

New York, Dec. 3.—(U.P.)—Two new heavyweights receive their first major tests tonight in bouts that feature this week's national boxing schedule.

Young Jerry Berthlaume of Montreal stacks up against Tami Mauriello, top-flight New York heavy, in a 10-round bout on the Christmas fund show, Cleveland, with Jack Dempsey refereeing. In New York, brown-skinned Al Hoesman of Los Angeles meets veteran Lee Savold of St. Paul, Minn., at the St. Nicholas arena, in a 10-rounder.

The longer a Victory Bond is held the greater is its earning power.

BAPTIST CONGRESS FOR EVANGELISM IS WELL ATTENDED

The Congress For United Evangelism being conducted in the First Baptist church under auspices of the World Christian Fundamentals association got off to an excellent start Sunday, according to Evangelist J. Jack Paskell, the auditorium being comfortably filled at both services.

Dr. Willard H. Pope, state superintendent of the W.C.F.A. and director of Congress For United Evangelism brought the opening address to a large and appreciative audience. Dr. Pope, speaking from the text in Hosea 10:12, emphasized "the urgent need of the fundamental and evangelical forces of all our churches uniting in a great forward move for the re-birth of Bible evangelism as the only hope of stemming the tide of materialism and indifference to spiritual values that is sweeping across our nation."

"God's Plus Sign For Minus Men," was the subject of Evangelist Paskell at the evening service.

The congress will continue throughout the week with two sessions daily, 10 a. m. and 7:45 p. m. Dr. Pope is giving an exposition of the Prophetic Book of Revelations at the morning sessions. The preliminary sing-spiration is conducted each evening by Rev. Wilbur Brown, pastor of the First Evangelical church of Salem, assisted by a splendid youth choir. Chief Te-cumseh, lyric tenor, sings at all services.

World Faces Golden Age or Destruction

San Diego, Dec. 3.—(U.P.)—Either total destruction or a golden age for the entire world now rests in the hands of the United States, Sen. William F. Knowland declared here today.

"Even a remote possibility of defeat or invasion by any power or group of powers must never again be faced by this nation," Knowland said in an address here.

Knowland, recently returned from 18 months service in Europe, said that Norway, Denmark and Holland were sufficient proof that "peace-loving is not enough in the world today; we must be strong enough to back up our desire for a golden era or see the world destroyed."

LAND GRANT RAIL RATE REPEAL AWAITS SIGNING

Washington, Dec. 3.—(U.P.)—The house today approved and sent to President Truman legislation repealing the government's privileged 50 per cent rates on land-grant railroads. The vote was 139 to 44.

The measure would relieve railroads of the present 50 per cent government rate. Preferential rates could be negotiated through the interstate commerce commission, however.

ADMIRAL RETIRES

San Francisco, Dec. 3.—(U.P.)—Vice Adm. John W. Greenslade, 65, resources director of the western sea frontier, retired today after 50 years of service with the U. S. navy. Former commandant of the western sea frontier and the 12th naval district, Adm. Greenslade served in the Spanish American war, the Philippines Insurrection and in World war I.

STORM ON COAST

San Francisco, Dec. 3.—(U.P.)—The Weather Bureau today ordered small craft warnings changed to southeast storm warnings from Point Arena, Cal. north to the Oregon border.

Oregon Timber Areas "Guinea Pig" In Proposed Program to Guarantee Steady Production Through Years

By John W. Dunlap
United Press Correspondent
Portland, Ore., Dec. 3.—(U.P.)—The lumber world is watching the Pacific northwest as a "guinea pig" in a new proposal that may revolutionize the industry and insure a steady production of timber for the future.

The general land office of the U. S. Department of the Interior will today in Eugene hold the first of a series of public hearings in western Oregon. Industry leaders and government experts hope it may lead to a world pattern for long-time stability in the lumbering field and in communities that depend strongly on logs for a living.

Perpetration Aim
The new plan is designed to bring federal and state governments and private timber operators and land owners on a new high basis of cooperation to perpetuate the forests under sustained-yield forestry management.

If approved, the program would place more than 8,000,000 acres of intermingled public and privately-owned land on a system that would maintain a reasonable balance between the volume of tree-cutting and of tree-growing. It would end the fear that the timber supply may be depleted and it would guarantee the end of "ghost towns" left behind as the forests recede.

A major phase of the plan would be the establishment of 12 master economic units (in Oregon) where reforestation, tree cutting, processing and marketing would be carried on for the primary benefit of the communities within the unit. Each of the larger units would contain smaller sustained-yield forestry units in which the several operators and land owners would agree to abide by prescribed forest management and marketing practices.

Hearings Proposed
None of the 12 proposed major units or 100 smaller ones would be effected without full public hearings. Joel David Wolfsohn, assistant commissioner of the general land office, has been designated to conduct the hearings, the first of which at Eugene will consider the Siuslaw master unit comprising 415,886 acres in Lane and Douglas counties of Oregon.

The Oregon and California re-vested lands administration offers the largest single experimental laboratory for practical cooperative forestry management in the world. These large tracts were part of the original public domain granted by the

United States in 1866 for construction of a railroad through Oregon to California. These lands later reverted to federal ownership, in addition to tracts from a grant made in 1869 for a wagon road from Coos Bay to Roseburg.

Would Combine Programs
Congress in 1937 ordered the administration of the 2,500,000 acres of "O and C" land to be placed on the basis of sustained-yield forestry operations. Many private operators have adopted such a plan of orderly cutting, reforestation and fire protection. The new proposal would combine them all.

The general districts encompassed in the proposed districts are 1, Columbia river; 2, Clackamas-Molalla; 3, Santiam river; 4, Alesia-Rickreall; 5, Siuslaw river; 6, Upper Willamette; 7, South Coast; 8, Douglas; 9, South Umpqua; 10, Josephine; 11, Jackson, and 12, Klamath.

RAIL BROTHERHOODS OPEN PAY HIKE TALK

Chicago, Dec. 3.—(U.P.)—Two railroad brotherhoods opened discussions today with the Carriers' committee, representing 130 class I railroads, over a \$2.50 a day wage increase sought for 290,000 operating railroad men.

The Brotherhood of Railroad Trainmen, with 215,000 members, and the Brotherhood of Locomotive Engineers, with 75,000 members, placed the wage demand before the Carriers representatives.

P.-T. A. Activities

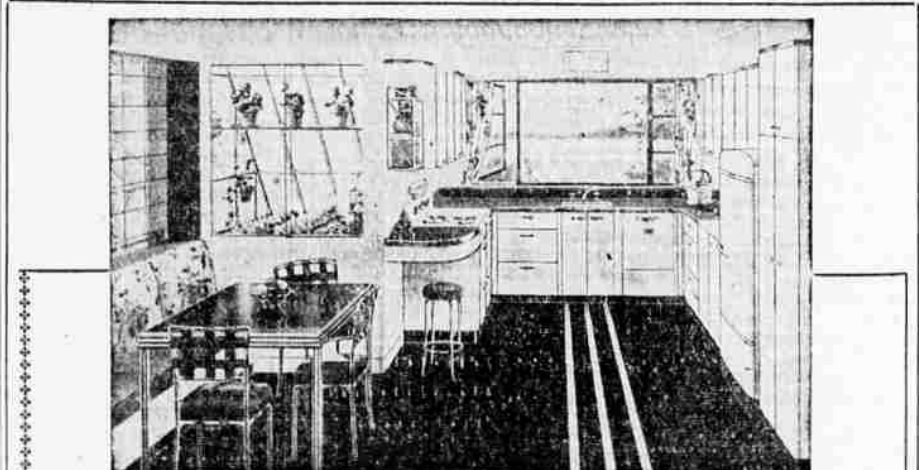

Shady Cove P.-T.A.
Shady Cove Parent-Teacher association will hold a brief meeting Friday evening of this week following a potluck supper at 6:30 p. m. The community is invited to participate, and those attending are asked to bring plate, cup and silver in addition to food for the supper.

A program, fish pond, cake walk and Dutch auction of candy will follow for the benefit of the school hot lunch program.

S. F. DAIRY PRICES

San Francisco, Dec. 3.—(U.P.)—Dairy market:
Butter: 93 score 48½, 92 score 48, 90 score 47¾.
Cheese: Loafs 28.2, triplets 27.2.
Eggs: Large grade A 57½, medium grade A 52½, small grade A 44½, large grade B 50½.
