

TESTIMONY CONCLUDED ON APPELLATE HEARING

Hearing of testimony in the suit of Edwin H. Taylor, Appellate district farmer, against the Southern Oregon Mining Company, Ltd., was concluded yesterday before Judge Dal M. King of Coos county, who was assigned to the case when Judge Herbert K. Hanna disqualified himself. The trial started Monday, Taylor seeks \$9000 on two

causes of action, for alleged failure of the mining company to replace topsoil on the Taylor property following dredging operations in 1940-41. The mining company was represented by Attorney Ralph Moody of Salem and Attorney O. H. Bengtson, and the plaintiff by Attorney George M. Roberts. Both counsel were directed to file briefs. \$16 Million For Meat Subsidies, Packer, Grower

Washington, Dec. 6 — (U.P.) — The government has set aside an additional \$16,000,000 for subsidies to meat packers and growers. Economic Stabilizer John C. Collet said \$10,000,000 will pay for previous commitments to assure the industry "something more than the cost of production."

The subsidy will be paid on three main types of livestock—cattle and calves, sheep and lambs, and hogs. It is designed to keep annual earnings at pre-war levels.

The remaining \$6,000,000 will be paid to livestock processors under the amended price control act providing for "a reasonable margin of profit."

The production subsidy will amount to seven cents per hundredweight on cattle and calves, 15 cents on hogs, and 10 cents on sheep and lambs.

The profit subsidy will be 20 cents on sheep and lambs and eight cents on cattle and calves.

Accused Official Passes In Sleep

Berkeley, Cal., Dec. 6 — (U.P.) — Assistant U. S. Attorney Albert S. Guerard, charged with accepting a \$3,500 bribe from an Oakland tavern owner whom he was investigating, died in his sleep last night from coronary thrombosis.

Guerard was released on bail last Friday after denying he had accepted a bribe and asserting the accusations against him resulted "from an underworld conspiracy" designed "to punish" him for his prosecution of dealers suspected of refilling whiskey bottles with inferior brands of liquor.

Bad Check Trail Leads To Arrest

Washington, Dec. 6 — (U.P.) — The Federal Bureau of Investigation today announced the arrest of John Will Buster, Jr., 35, of Dallas, on a fraudulent check charge.

The FBI said Buster was arrested at a Washington hotel, ending a trail of bad checks extending from the west to the east coast. The FBI said he obtained checkbooks in Denver, Colo., and Toledo, O., and wrote more than 150 bad checks in the past six months.

RED TAPE BOTTLENECK

Los Angeles, Dec. 6 — (U.P.) — Thirty million dollars worth of federally-owned surplus consumer goods are piled up in southern California today, untouched because complicated disposal systems prevent quick sales, the state chamber of commerce charged. Most purchase efforts are stymied by necessity for documents, inventory list, approval by the U. S. department of commerce office in San Francisco and other purchase requirements, the chamber's southern office declared.

Ceilings Stay Off White Potatoes

Washington, Dec. 6 — (U.P.) — Ceiling prices on white potatoes will remain suspended for the period Dec. 6-March 6, the office of price administration announced today.

Ceiling prices on these potatoes were first suspended on Sept. 14 because potatoes were then selling below ceilings and a large crop was expected to be harvested. OPA said that potatoes have continued to sell below pre-existing price ceilings and that the crop has turned out to be the second largest in history.

MERCHANTS WARNED ON CASHING BAD CHECKS

District Attorney George W. Neilson today issued his annual pre-Christmas warning to merchants to keep a weather eye out during the holiday season for check forgers and check thieves. Several complaints have been received the past ten days and a couple of arrests have been made. Merchants are requested to be careful in cashing checks, either government or commercial, especially for strangers.

For the past several years, the district attorney's office has been swamped at this time of year by spurious check complaints.

Wainwright Names Peace Requisites

Los Angeles, Dec. 6 — (U.P.) — Universal military training and a 900,000-man standing army are absolute necessities for peace, Gen. Jonathan M. Wainwright, hero of Bataan, said yesterday.

Wainwright, imprisoned by the Japanese after he was forced to surrender U. S. troops on Bataan and Corregidor, said that Japan and Germany should be occupied for "a long time—10 or 20 years."

We're cutting down our waiting list...every day

Right now, throughout the Pacific Coast, we are installing thousands of telephones.

Every day our waiting list is being cut down.

Our rate of progress in completing our unfilled orders is dependent upon the receipt of the necessary equipment from our manufacturers who are going ahead as rapidly as possible in reconvertng from all-out war production to supplying our peacetime needs.

Still, it will take some time before we can provide service for everyone who wants it. Where the instrument itself is all that is needed, we are well on our way to take off the waiting list all such unfilled applications. But there are many places where we will have to build complicated switchboards... others where we will have to put up entire new buildings.

You may be certain, though, that your telephone is on the way and that we are doing everything humanly possible to hurry the day we bring it to you.
