TREATMENT OF WOUNDS

I said the other day that in ideal (aseptic) wound treatment no antiseptic, germicide, disinfectant or cauterant is applied, and that the normal healing of any wound is best assured by (1) absolute cleanliness and (2) absolute rest.

The sulfa drugs are not accepted. Sulfa drugs are NOT beneficial or in any way helpful to normal healing of an absolutely clean wound and certainly not advisable for routine application to minor wounds by way of first aid treatment.

QUESTIONS & ANSWERS A.A. I don't understand your answer to the correspondent's question about the liquor habit. I don't get the connection between Anonymous and Alcoholics. But I am anxious to obtain any information or advice that may help in the case of my son. (G. M. DeJ.) Answer—The name of an organization of selfless men and women who have won their battle and want to help other victims who are Alcoholics Anonymous. It may prove of inestimable benefit to your son if he will get in touch with a local group of these good people (consult telephone directory or classified ads in paper) and attend their meetings. NUMBER GRATER My daughter aged twenty years is very unhappy over the condition of her skin. Since she was thirteen or fourteen it has been so dry and rough, and looks and feels like a nutmeg grater over her legs and arms. Answer—Your daughter will find practical help and advice in the booklet "Save Your Skin"—for copy send twenty-five cents and stamped self-addressed envelope. The condition you describe, as well as "fish-skin," "alligator hide," "frog-skin" etc. is often due to deficiency of the fat-soluble vitamins A and D. (Copyright 1945, John F. Dille Co.)

Admiral Turner Saw War Coming In June of 1941

Washington, Dec. 22—(U.P.)—Adm. Richmond Kelly Turner said today he thought as early as June, 1941, that war with Japan was inevitable. Turner, former chief of navy war plans, told the Pearl Harbor Investigating committee he thought then that a Japanese attack on the United States was "only a question of months."

He said an attack on Pearl Harbor, such as Japan delivered Dec. 7, 1941, was "a fundamental part of the war we would have with Japan." The average age of passenger cars now on the roads in California is 7.2 years.

DO YOU KNOW? There is seldom a misunderstanding—usually it is a LACK OF UNDERSTANDING. When we fail to try to understand the other fellow and his problems, we fail in our service to the public. UNDERSTANDING between industry and labor now would meet public approval and render the service needed. ROGUE RIVER CHEVROLET
