GEORGE M. ROBERTS,
Attorney for Guardian.

BENEFITS UNDER SOCIAL SECURITY DUE UPON DEATH

Survivors' benefits are payable no matter what age death occurs, according to a statement today by Howard J. Nelson, manager of the Klamath Falls field office of the Social Security board.

It was explained by Mr. Nelson that the wife and child of a living wage earner cannot get benefits until the worker is 65 or over and stops work, but survivors' benefits are available after death of the worker anytime, provided he was insured at the time of his death.

If the worker leaves no one immediately eligible for monthly benefits a lump-sum death benefit is payable if a claim is filed within two years. The lump-sum can go to the widow, widower, child, grandchild or parent, in the order named. Other relatives or friends may be paid reimbursement for burial expenses if the worker is not survived by any such relative, Nelson stated.

The Social Security board serving this vicinity is located at 206 North Seventh street, Klamath Falls; telephone No. 5624.

Undersea Navies Seen Necessity In Atomic War

Washington, Dec. 27 —(U.P.)— Sen. Edwin C. Johnson, D., Colo., looked into the atomic future today and saw entire navies moving under the seas.

The senator, a member of the senate's atomic energy committee, said every surface ship in the navy had become "obsolete" with the advent of the bomb. The army and navy are now planning to test the bomb against naval vessels.

Johnson pictured the men-o-war of the foreseeable future as uranium-powered submarines, equipped with "jet-propelled atom-bomb rockets."

One such submarine alone, he said, "could sink a whole navy."

Not only warships but tankers and troop carriers would have to move beneath the sea in another war, according to Johnson.

"The navy has got to go underwater," he said. "Surface ships just don't stand a chance against the atom bomb."

Jet Planes Enter Commercial Field

New York, Dec. 27 — (U.P.) — Jet propelled planes entered the commercial airline field for the first time today when American Airlines ordered 100 of the ships, at a cost of $18,000,000, from Consolidated Vultee Aircraft Corp.

No delivery date for the new aircraft was announced.

C. R. Smith, chairman of American Airlines, said the new twin-engine, 40-passenger jet planes will supplant the company's fleet of larger four-engine equipment.

Franc Devaluation Decided By France

Paris, Dec. 27 — (U.P.) — The French government has decided to lower the value of the franc to a rate of 119.10 to the U. S. dollar and 480 to the British pound, it was announced last night.

The official rate has been 50 to the dollar. The devaluation was expected to increase French exports.

EXTRA LUMBER TO PERMIT MILL TO WORK ALL WINTER

Central Point, Dec. 27 — Recent arrangement with small Willamette and Umpqua valley establishments to re-mill their lumber will probably enable the Southern Oregon Planing Mill company here to continue operation all winter with a mill and office crew of about 25 persons, according to Harry Dowson, manager.

The lumber will supplement a supply from saw mills in this vicinity.

Strike-bound since last September, the company resumed work on a two shift basis December 10 following a mutually satisfactory agreement with the union. The planing mill is operating 16 hours daily and surfacing 140,000 to 150,000 feet. Daily shipments range from four to five carloads, Dowson says. Planed mainly is two, three and four inch Douglas fir.

Winter curtailment of logging operations will prevent until spring the running of the firm's saw mill just east of Central Point. Its reopening will increase the number of company employees to approximately 40.

Destroyed by fire last April 2, the planing mill was rebuilt and running again by June 1. It specializes in remanufacturing lumber of small mills which have no planing facilities of their own and the services consist of grading, surfacing and re-sawing of lumber for shipment and final use.

Lumber from Willamette and Umpqua valley mills is being side-tracked and re-milled here while en route to the buyer. The procedure prevents a tie-up and time delay in those areas.

MARINES CROSS COUNTRY IN CAB

Dallas, Tex., Dec. 27—(U.P.)— Six marines, just back from overseas, were en route to their homes on the east coast today after making a brief stop in Dallas.

Because of the transportation jam, the marines had given up all hope of getting home until after New Year's, Sgt. Sam Steinman of Hollis, Long Island, N. Y., said, when they found a sympathetic cab driver who offered to take them to New York for expenses.

"We figured that each would have to pay about $20," Steinman said, "and that will be less than the train fare."

Harry Arisohn, owner of the cab, was sleeping when the group hit Dallas and Steinman was driving.

Critic of 'Brass' Has Congress Hope

Columbus, O., Dec. 27 —(U.P.) Ex-Private George L. Mark, of Cleveland, possibly the only enlisted man who ever looked a group of high-ranking officers square in the eye and called them "Pentagon Boy Scouts," today took steps to get where "I can really hit 'em" — congress.

Mark is the 37-year-old former private first class who went before congressional committees twice during the past year to express outspoken opinions on the army and the men who run it.

Today he was getting nominating petitions to qualify as a candidate for the democratic nomination for congressman-at-large.

Lift Restrictions On Mail For Navy

Restrictions on the mailing of newspapers and periodical publications admitted to second class mail when addressed to personnel of the navy, marine corps and Coast guard overseas via fleet post offices at New York or San Francisco have been listed according to an order issued by the postoffice department and received at the Medford office. The restrictions will not be in effect after Jan. 1.

Under the restriction, only copies of newspapers and periodical publications sent in fulfillment of subscriptions initiated by the addressee were accepted for second class mail.

Indonesian Leader Escapes Assassins

Batavia, Dec. 27 —(U.P.)— A Eurasian soldier tried unsuccessfully today to assassinate Premier Sutan Sjahrir of the unrecognized Indonesian republican government, the ministry of information reported.

Sjahrir was driving a car along a road on the outskirts of Batavia, an official statement said. Five soldiers of the Dutch East Indies army pulled up behind the car, and one soldier fired on it.
