

CUMMINS TO HEAD UNIVERSITY CLUB IN COMING YEAR

A. S. Cummins, president of the California Oregon Power company, was selected to head the Rogue River Valley University club for the 1946 season in a recent election of officers. Cummins will succeed Karl

Janouch, retiring president. Harry Holmes, one of the owners of Bear Creek Orchards, was chosen as vice president and Maurice Reavis, associated with Rogue Valley Transit company, will succeed Robert Shepherd as secretary-treasurer.

The board of governors for the University club during the ensuing year will comprise M. M. Morris, A. S. Cummins, G. M. Roberts, William Peek, H. D. Murphy, William H. Fluther, Maurice Reavis, Karl Janouch and Harry Holmes.

An ambitious program is being outlined for 1946, including expansion of the club's membership and improvement of club-rooms. A pre-Christmas open house was enjoyed by club members Monday and a similar New Year's cocktail party and buffet dinner has been arranged for Monday, Dec. 31 at the club's rooms, 123 East Main street.

"Why Didn't I Do This Before!"

If your nose ever fills up with stuffy transient congestion next time put a little Va-tro-nol in each nostril. Quickly congestion is relieved, breathing is easier. Va-tro-nol works right where trouble is to relieve distress of head colds. Follow directions in the package.

Driver Examiners Change Schedule In Medford Area

New schedules for state driver's license examiners in the Medford districts, designed to improve service for all communities, were announced today from the office of Robert S. Farrell Jr., Secretary of State.

Greater volumes of business in this area necessitated the changes in order to assure the best possible service to all driver license applicants in the area, Farrell said.

Effective January 1, examiners will be in Medford at the Knights of Pythias Hall every Thursday, Friday and Saturday except holidays. Every Tuesday and Wednesday, except holidays, they will be at the courthouse in Grants Pass, and on every other Monday, they will be in the city hall at Ashland.

SAFETY EFFORTS TO BE STRESSED DURING JANUARY

Citing the death of a Medford woman last evening as a grim example of loss of life which need never have happened, George Davis, county chairman of the accident prevention committee of the Red Cross, stated today that January had been designated as "accident prevention month." Davis, ambulance driver for the Perl Funeral Home, said Mrs. Stella Willis told him shortly before she died of frightful burns last evening that she had poured kerosene into the kitchen stove, an act which the prevention committee warns against repeatedly.

Davis states that 18 instructors are now ready to instruct accident prevention classes and that these will be organized all during January, both in schools and through other channels. Additional instructors will be added to the group later, the chairman said.

Specific information about the classes will be released from time to time, Davis said.

Central Pt. Legion Planning Fete For Returned Veterans

Central Point, Dec. 28—Preparations for a fete honoring returned veterans of World War II were inaugurated by the Myers-Holland American Legion post at a meeting held last night.

Just what will be the nature of the welcoming-home event, scheduled for some time next month, has not been fully determined. Suggestion that the main part of the program be a dance has been made.

Selected as a committee for the affair are William Keizer, chairman, John Elstead, Don Faber, Lester Mathes, Don Ebbe and Fred Jauron.

The post will be assisted by its auxiliary.

Lake Okechobee, in central Florida, is the largest lake in the state and one of the largest that lies wholly within the United States.

"POP AND MOM'S" PACKAGE WAITS

Still working on the problem of undeliverable Christmas packages, Postmaster Frank DeSouza again turned to the Tribune today in an effort to find the correct addressee or senders of a parcel evidently mailed in Medford. The package, from which the address was completely torn, contains Christmas gifts from "Herb and Sue, Denise and Terry" to "Pop and Mom," DeSouza said.

The postmaster said that about 40 persons who failed to receive packages which they expected have called at the post-office during the past two days in an effort to identify undeliverable mail. Yesterday he delivered a pound of butter to the correct owner after the addressee learned of the package through a Mail Tribune story.

Red Tape Tangles Surplus Property Offered Veterans

Washington, Dec. 28—(U.P.)—Rep. Jack Z. Anderson, R., Calif., said today that "the so-called veterans' preference for surplus government property is a snare and a delusion."

"A lot of previously abandoned former servicemen will soon join the ranks of the amputees," he said in a statement, "having run their feet off in a hopeless search for non-existent surpluses."

Anderson said that only \$1,500,000,000 of an estimated total of \$100,000,000,000 worth of surplus property has been actually sold so far. He asked:

"Where in heaven's name is the rest of it?"

He released a letter from a California constituent who said that the disposal of surplus farm goods in California constitutes "the damndest tangle of red tape and inefficiency I have ever seen."

E. E. Lind to Head J'ville Chamber

Jacksonville, Dec. 28 — H. E. Lind will head the chamber of commerce here as president for the six months period ending June 30, 1946.

Other officers, elected for the same period at a recent meeting are: Jack McKim, vice president and corresponding secretary; Roger Cram, recording secretary and Yokeley Carroll, treasurer.

HEIFETZ DIVORCED

Santa Ana, Cal., Dec. 28—(U.P.) Violinist Jascha Heifetz filed suit today to divorce former actress Florence Vidor, who gave up a screen career to marry him in 1929. He charged her with extreme cruelty. Heifetz, who said he and his wife separated last Oct. 10, asked that Miss Vidor be given the custody of their children, Joseph, 15, and Robert, 13, but asked that he have reasonable visiting privileges.

Daily Weather Report

CHILDREN'S COLDS' COUGHS, SORE CHEST MUSCLES SWEEPING THROUGH CITY

Mothers are reporting relief with Grandma's type of medication. Now that colds everywhere are bringing children's coughs and sore chest muscles, remember what many modern mothers have learned from Grandma. Grandma used mutton suet, also medicated at home. Today mothers just get Penetro. Penetro is a salve with modern medication in a specially prepared base containing old-fashioned mutton suet, like Grandma used. Penetro works two ways. (1) Outside, mutton suet of colds' sore chest muscles as it acts like a warming plaster to stimulate circulation right where rubbed on. (2) Inside, comforts cold-irritated nose and throat passages with its medicated vapors. Penetro is stainless, clean, white and pleasant. 25¢ double size 50¢. For real relief from these miseries of a cold demand Penetro.
