BUSINESS BOOMS AT CENTRAL POINT CABINET FACTORY

Central Point, Dec. 28— A business increase during the past year of five to six times the volume handled by his predecessor is reported by William Crabb, proprietor of the Central Point Cabinet and Mill Works.

The shop, which until recently was known as the Central Point Planing Mill, specializes in manufacture of windows and kitchen cabinets. Pine is the wood generally utilized by the shop with fir employed when pine is not available.

Crabb is assisted in the work by Roy Kelly. With orders ahead that will take several months to fill, the proprietor plans to employ two additional men upon release of more lumber that will come with end of the present strike in the mills.

According to Crabb, the business mostly serves people of the Central Point area. However, orders are received from various parts of the valley.

The shop is located at the north city limits on the Pacific highway.
