ELIMINATION

When the eliminative organs of the body are not functioning properly, this causes an accumulation of toxic material. It indicates a depleted bodily resistance. Normal nerve function is the prerequisite to health, since it enables the nerve cells of the body to build up a strong resistance to invading forces. The break-down of the eliminative organs is usually the first line of defense to give way. It is important to the maintenance or the regaining of your health that it be repaired at once. With eliminative channels functioning normally and complete relaxation, you soon regain vital bodily resistance.

Butter: 93 score 48½, 92 score 48, 90 score 47¾.

Cheese: Loafs 28.2, triplets 27.2.

Eggs: Large grade A 53½, medium grade A 48½, small grade A 42½, large grade B 47½.

Wall Street

New York, Dec. 31—(U.P.)—The stock market closed 1945 quietly today with prices irregular.

Closing prices were just about where they were on average on Nov. 30, but far above the closings of 1944. It was estimated that the list had gained in value of all shares more than $17 billions in the past year, during which volume rose to the highest levels since 1937.

Liquors spurted for a time to enliven the list and then retreated, some to net losses. Some preferred stocks and special issues registered wide gains, but generally the net changes held within a small area. A slight improvement developed just before closing time on moderate short covering.

Steel furnished the outstanding news. Operations of the industry snapped back nearly 18 points or more than 28 per cent from the reduced rate of last week caused by celebration of the Christmas Day holiday.

Preliminary closing Dow-Jones stock averages: Industrials 192.91, up 0.07; rails 62.80, off 0.10; utilities 38.10; off 0.12; 65 stocks 72.09, off 0.05.

Sales totaled 1,010,000 shares compared with 1,090,000 Friday.

Today's closing prices on selected stocks:

American Tel & Tel	161
Anaconda	44½
Chrysler	131⅛

Makes Young Mothers Smile!

Modern Way Relieves Miseries of Colds Pleasantly—During Night

Today, the modern way most mothers use to relieve miseries of colds is to rub Vicks VapoRub on the throat, chest and back at bedtime. Results are so good because VapoRub . . .

Penetrates to cold-irritated upper bronchial tubes with special, soothing medicinal vapors.

Stimulates chest and back surfaces like a warming poultice.

Then For Hours VapoRub's special action keeps on working. Invites restful sleep. Often by morning most of the misery of the cold is gone!

Only VapoRub gives you this special penetrating-stimulating action. So be sure you get the one and only VICKS VAPORUB.
