

# TAX ESTIMATES STILL REQUIRED BEFORE JAN. 15

The new tax law, passed by Congress a few weeks ago, does not change the procedure for declaration of estimated tax on Jan. 15 which must be made by some taxpayers according to J. W. Maloney, collector of internal revenue, Portland, since the new law applies only to 1946.

Maloney states that citizens have the choice of filing an estimate on Form 1040-ES or of filing the annual income tax return on Form 1040. The first is a special form for estimating tax and the latter is the regular blank for filing annual income tax returns. If a taxpayer does not have exact figures on his 1945 income and deductions, it is best to use Form 1040-ES Jan. 15 and then to file the regular 1945 return March 15. Those in a position to file the regular return as early as Jan. 15 may file Form 1040 then and it will serve both as declaration and return.

Those wanting to file an estimate change may use either form and write the word "amended" at the top, Maloney states.

Members of the armed forces or veterans do not have to file declarations as to their pay for active service (except regular officers serving within the United States.) However, if they have any civilian income it is treated the same as the income of any other taxpayer.

# REMINDERS SENT THOSE DELINQUENT IN SEAL RETURNS

The annual sale of Christmas seals to finance tuberculosis control work in Jackson county ended officially Christmas but many residents have not yet acknowledged receipt of their seals, Mrs. Glenn A. Gibbons, county chairman, reported Wednesday.

Returns from the annual sale had reached a total of \$5,564.28, Mrs. Gibbons stated, in announcing that "reminder cards" are going into the mails. They will be received by all residents who have not yet answered the letters enclosing Christmas seals.

"I am confident that many people have just overlooked sending in their contributions," Mrs. Gibbons stated "and will respond immediately to the reminder. We are expecting this community to back the Jackson County Health association's tuberculosis control program 100 per cent."

The incomplete returns show many outlying districts making an increase over last year's all time high record, Mrs. Gibbons said. The total to date from these districts is \$1,901.00; from Ashland, \$1,249.71, and from Medford \$2,413.58.

## BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys  
If backache and leg pains are making you miserable, don't just complain and wait about them. Nature may be warning you that your kidneys need attention. The kidneys are the chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smart, itchy burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 45 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.
