MEDFORD TRIBUNE

## News From Jackson County for Men in the Armed Services

The Mail Tribune suggests you clip and mail this news roundup to a relative or friend in service.

Dear \_\_\_\_\_  
Date \_\_\_\_\_

Important among the week's news was the settlement of the lumber strike locally, with crews returning to work at the Medford corporation and other lumber plants of the county. Unions and employers reached an agreement on 15 cents an hour increase in wages after the strike had closed mills since Sept. 24. Saturday night the Sept. 24 lumber company sawmill at Prospect burned.

Headed by the Junior Chamber of Commerce and Medford churches, citizens are concentrating on a drive to collect a large quantity of clothing, shoes, bedding and other needed articles for war devastated countries.

Erection of many new business plants and homes continues. Among these is a new hatchery for Alton Hart and Joe Naumes to be erected on the old Gore ranch two miles south of Medford on the Pacific highway. Nearly a quarter million chicks and poulters were hatched by the men in 1945. L. R. Andrews has rented a 12-room apartment which he erected in 90 days and new houses in all stages of construction dot city streets and the countryside.

Veterans of World War II met last night to form a new American Legion post exclusively for veterans of the second war.

Central Point is making plans for extending the city streets and has arranged for garbage collection through Medford's city service. The Forest Service district repair shops are to be moved from Grants Pass to the former CCC shops on the Pacific Highway South used by the army during the war.

From Ashland a 90 per cent increase in enrollment is reported from SOCE.

The week-end is bringing clearing weather, a relief from heavy showers and thick fog

Russell Ulrich, recently released from the navy after four years' service, last in the Philippine Islands, has accepted a position as meteorologist with Pan-American Airways at Fairbanks, Alaska. Raymond Sticker has also been released from the navy after four years during which he served with the third and fifth fleets and has returned to his duties with the park service here. Also home is Ralph Matlack, former staff sergeant in the infantry who served in New Guinea, the Philippines and Korea.

William L. Wilson, who spent 42 months in the Pacific with the signal corps is now home after being discharged and James Fredenburg has been discharged from the navy after 31 months overseas. Including Samoa and Okinawa. P. G. Humphrey, whose 18 months of overseas service included an assignment on Corregidor, has returned to the staff of Copco and another former Copco worker, Thomas R. Eslinger, is now home. Humphrey held the rank of lieutenant and Eslinger, the rank of lieutenant's helper.

A major, is on terminal leave.

The Asher boys, Robert, former staff sergeant and James, ship's cook in the navy, are both home after releases from service. James spent 30 months on Pacific sea duty and Robert was in the European theater for more than two years. Jean Swayne, in the waves for two years, has been released and will enter Maryhurst college for the spring term.

Wallace Johnson, EM3c, is home on leave after 12 months sea duty and will then report back to the repair shop, Briarcrest for Atlantic sea duty. Johnson is a gyro technician. Lewis Jackson Cox, S1/c, veteran of the Okinawa campaign, is home on leave and Pfc. Stanley D. Straus, now in Tokyo, is expected home soon.

Lt. William E. Dougherty, stationed at Cleveland with the ordnance department, and George S. Johnson has been promoted to lieutenant-commander with the navy. Carl Tengwald has been made a lieutenant-colonel in the Oregon State Guard.

William Phipps, who spent many months in England and India as a war correspondent for the Associated Press, has returned to the states and will soon go to New York to work for the news service.

Plants with colored flowers and colored butterflies came into existence at about the same time; the butterflies are believed to imitate the plants from which they get their food.

# Church Notices

# LUMBER EXPORT REDUCED BY CPA

Washington, Jan. 11—(U.P.)—The civilian production administration announced today that it has cut allocations for the export of lumber during the first quarter of this year to 225,000,000 board feet.

This is a drop of nearly 35,000,000 board feet from the average quarterly allocation to exporters last year. It is also a cut of 75 per cent from the total amount of lumber requested by foreign countries.

Lumber is one of the most critical building materials. OPA said it is regarded as necessary to retain as much of it as possible in this country "during this period of shortage."

**Atomic Plant Town To Be Dismantled**  
Richland, Wash., Jan. 11—(U.P.)—The Mohawk Wrecking Co., of

Detroit, today was selected as high bidder for the job of dismantling a ghost town near the Hanford Atomic Bomb plant, a job that will take about a year, officials said today.

The company, which submitted an offer of \$103,003.30, will start Jan. 15 or 16 to tear down the barrack-type dwellings that housed 51,000 workers engaged in the construction of the nearby bomb plant.

**Here Today!** With Tomorrow Written All Over it!

It's now in town and you can see it—The new Nash "600"—the car that shows you today what tomorrow's cars must have. And everything you see you're going to like—

★ Here is the first big car that gives you 25 to 30 miles on a gallon of gas, at moderate highway speeds—500 to 600 miles on one filling of the tank.

★ A car so big that the front seat's nearly five feet wide, and the back compartment can be made into a big double bed at night.

★ A car that's built like a B-29 fuselage—one single unit of welded steel! No split body-and-frame, no separate parts to squeak and rattle. Made stronger, but hundreds of pounds lighter.

★ A car that sweeps over bumps as if they didn't exist—with deep, soft coil-springing on all four wheels.

★ A car with a built-in exclusive Weather Eye Conditioned Air System that lets you shut your windows to dust and drafts the year 'round—and drive without a coat in the bitterest cold weather, with frost-free windows and windshield.

Above all, a brand new standard of performance! Handling ease—brilliant pickup—that will thrill you as no automobile ever has before!

And with all its amazing advancements—with all its clean, sparkling beauty—with all its sells in low-price field.

(See how little it costs to own the most modern car on the road. See how much you'll be ahead with Nash.

Your Nash dealer shown below now has the Nash "600" and also the new 1946 Ambassador, master of the medium-price field. See the most-talked-about car of a decade!
