**More Razzle-Dazzle Seen In 1946 Football Season**

St. Louis, Jan. 14 — (U.P.) — College football fans, already pop-eyed trying to follow the ball in the T-formation, today looked for a 1946 season of even more razzle-dazzle in the wake of the rulemakers' latest changes.

The NCAA rules committee's new regulations appear to add up to a faster game and easier player identification for the spectators, a note of cheer for astounded coaches, and the possibility of a new and hybrid-system—the T-wing.

**T-wing Discussed**

The T-wing, according to Committee Chairman Bill Bingham of Harvard, would be a logical offshoot of the rule change that will permit the quarter-back to crouch immediately behind the center with his hands extended.

He would not be required to receive the ball as under the present rules, and the center

could pass between his extended hands straight back or off to either side.

"We expect the change will do more than merely add deception to the T," Bingham said, "since many of the coaches now are thinking of plays combining the T with the single wing."

**Other Changes**

Other rule changes included: An illegal pass by either team will draw a five-yard penalty from the spot of the pass, and also loss of a down if made by the team which put the ball in play. Previously on a lateral, attempted beyond the line of scrimmage and thrown forward, the ball was brought back to where it was put in play.

2. The number of time outs in each half was increased from three to four, but when the watch is stopped by a substitution will be allowed. After a team has used its legal time outs, further requests for time outs may be granted only for an injured player.

3. Increase the size of the numbers on players' jerseys from six to eight inches on the front of the jersey and from eight to 10 on the back.

Among the major rule changes the committee turned down was the "free substitution rule," which was recently adopted by the high schools and which the professionals used last year.

**PLAYER DRAFT OF NATIONAL LEAGUE CLOSES MEETING**

New York, Jan. 14 — (U.P.) — The National football league winds up a momentous session today by holding its annual player draft and the circuit bosses will go home to put into effect an iron-fisted program for battling the all-American conference to the finish.

Only the top several players selected from the college senior ranks may be named for public consumption, with the individual clubs exercising their choice on whether they wish to reveal their draft lists.

**Boston First Choice**

Boston, getting first choice in the draft by league agreement because of the tough break the Yanks had when Dan Topping took his interest in the club to the rival league, is expected to name Frank (Boley) Dancewicz of Notre Dame. He is already under contract to the team.

The Chicago Cardinals, nominal first choice club, will take the second spot on the first round but will go back to the top in subsequent drafts.

**Schedule Drawn**

The league directors worked into the wee hours drawing up their 1946 schedule, complicated by trans-continental jumps due to the switching of the champion Cleveland Rams' franchise to Los Angeles.

In order to keep the all-American loop guessing as much as possible, the exact dates will not be announced at this time, only the pairings from week to week.

**Coast Champion**

Nelson said he had no intention of retiring now or in the near future after he won his third straight San Francisco open championship and his fourth straight winter tournament title yesterday.

The only immediate hope for the other professionals on tour was the fact that Nelson will leave April 15 for a one month journey to Africa which will net him \$10,000.

Nelson posted a 263 total—one under par for the 72 holes in the four-day tournament.

**BOWLING**

**CLEVELAND RAMS FRANCHISE MOVED TO LOS ANGELES**

Los Angeles, Jan. 14 — (U.P.) — The Los Angeles team of the All-America pro football conference today welcomed any competition resulting from transfer of the Cleveland Rams National football league franchise to Los Angeles.

Transfer of the Rams franchise to Los Angeles is expected to precipitate a fight over use of the Los Angeles coliseum, seating 103,000.

The University of Southern California and the University of California at Los Angeles are expected to oppose use of the stadium by professional teams. In the past its use has been restricted to amateurs.

The coliseum commission meets tomorrow to consider leasing the coliseum next fall. Ameche said he would be represented at the meeting at which the National league is expected to ask use of the huge stadium.

"The Regular Army Offers You One of the World's Best Jobs"

\*The purpose of the Army's world-wide enlistment campaign is twofold: to release men of long and arduous war service who want to return to civilian life—and to build a strong Regular Army of volunteers.

\*By our victory we have won the respect of the world. We can lose that respect, and with it our influence toward a just and peaceful world order, if we reduce our military forces to the point where they become weak or ineffective.

\*The Congress has enacted and the President has approved legislation which makes enlistment in the Regular Army more attractive than ever before in our history. It gives the soldier a position in the new peacetime Army that merits the respect of all our citizens.

\*Every American should know the valuable provisions in this new Armed Forces Voluntary Recruitment Act. They help place your Regular Army on the highest plane of any army on earth—with advanced study, training and travel at good pay in a career of high duty and responsibility.

\*There is a solemn obligation on all of us to safeguard the victory we have won at such enormous cost. The rapid rebuilding of our Regular Army is a vital necessity if we are to meet that obligation.
