

# MARCH OF DIMES CAMPAIGN HERE WELL UNDER WAY

Plans for the 1946 March of Dimes in the fight against infantile paralysis are moving rapidly ahead in Jackson county. William Grenbemer is general chairman in charge of the county campaign.

The local campaign, which opened Jan. 14 and closes Jan. 31, is part of the nationwide appeal of the National Foundation for Infantile Paralysis for funds to continue the fight against poliomyelitis.

As in the past, March of Dimes coin collection boxes will be placed at convenient spots throughout the county and coin cards will be distributed. In the light of widespread public knowledge of the National Foundation's tremendous achievements in recent epidemic years, the local committee is expecting a greater response this year than ever before.

Mary Pickford, for many years chairman of the women's division of the campaign for the National Foundation, has appointed Mrs. Lewis Ulrich chairman of that division for Jackson county. Mrs. Ulrich in accepting

the appointment said "Every woman should enlist in the war against infantile paralysis and form a shock troop against the epidemics. They should stand ready at all times to give every possible aid to local medical and health authorities and for this reason every woman's organization should enlist now."
