

MEEKER CHOSEN OREGON CITIES LEAGUE OFFICER

Portland, Ore., Jan. 24—(U.P.) House Speaker Eugene Marshall of McMinnville told delegates at the final joint session of League of Oregon Cities and Oregon Finance Officers association here Wednesday that Oregon has a sound tax program despite the feeling among many Oregonians that the state has no chance to attract new industries in competition with Washington and California.

A resolution calling for a greater decentralization of distribution centers for surplus materials, downward revision of minimum purchase lots and permission of resale of excess amounts with proper safeguards was passed at the final session. Officers elected for the coming year by the league included: Eugene Marshall, president; George Stadelman, The Dalles, first vice president; C. A. Meeker, mayor of Medford, second vice president; J. W. McArthur, Eugene, treasurer; and Earl Riley, Portland, Fred C. Inkster, Oswego, O. L. Wood, Coquille, and I. M. Doughton, Salem, directors.

FREIGHT LINES TO GET HEARING

Washington, Jan. 24—(U.P.)—Oral arguments will be heard by the United States Supreme court Monday on the appeal of Consolidated Freight Ways, Inc., Portland, and Oregon, Nevada, California Fast Freight Inc., San Francisco, from an adverse United States district court decision, respecting their motor freight operating rights between San Francisco and Portland.

The Consolidated and O. N. C. lines formerly connected at Medford and effected a joint-line through service. In 1940 each appealed to the interstate commerce commission for authority to extend its service and were granted the extension which started in Sept. 1943.

Later, four opposing lines brought an action before a statutory three-judge United States district court to have the commission's findings set aside. The district court sustained the contentions of the protesting lines and decreed in February, 1945, that the two certificates should be suspended and the cases remanded to the ICC for further hearing. The case then was appealed directly to the supreme court.

Assessor Requests Speed-up in Return Of Personal Taxes

County Assessor C. A. Myers reports people are not filing their personal tax report blanks as speedily as they should, and he requests they do so at once. The assessor requests they be filed before February 1 in order to facilitate the work of his office and prevent a last minute rush. Under the law the reports can be filed as late as March 1. After that date a \$10 per day penalty is possible. The report blanks were mailed out January 1 and to date only a small portion have been filed. The assessor also suggests that the reports be mailed. Many have been bringing them to assessor's office in person. St. Augustine, Fla., is the oldest town in the United States. It was founded in 1565.
