

PATIENCE NEEDED IN UNO PROGRESS WOMEN ARE TOLD

People of America and of other nations participating in the United Nations Organizations must show great patience and tolerance in the coming months and not be disappointed if the progress of UNO seems slow according to Dr. Edna Landros, faculty member of the University of Oregon who addressed a sectional meeting of the Oregon League of Women Voters here Saturday. "Political education is always a slow and laborious process," Dr. Landros declared. "We must have not only an enlightened public opinion, but a tolerant and patient public opinion as well."

Speaking of events of the present meeting of UNO in London, Dr. Landros said Secretary of State Byrnes' statement that "the policy of the United States is now to advocate all principles of the Atlantic Charter for all colonial peoples as well as for people of UNO nations" was in her opinion the most far-reaching and momentous step taken by this nation recently. "It is time for the old empire to dissolve," Dr. Landros said.

Early Burden Heavy
Iran's request for action on the Russian-Iranian territorial question, Russia's request for investigation of the Indonesian problem and for clarification of the presence of British troops in Greece were all presented to the UNO Security Council before it was even organized, Dr. Landros said, and added that early action on these would mean that UNO was really functioning.

Dr. Landros reviewed plans made for headquarters of UNO, to be located in the eastern United States, pointing out that it was to have the world's largest and most powerful radio station, a large airport and that UNO would also have its own flag. Most popular flag design presented thus far, she said, was that of a Russian living in New York, the flag to have a white background with a rainbow arc. White of the flag symbolizes peace, while the rainbow is the Old Testament symbol of the covenant with God, she explained, and the rainbow spectrum contains all the colors of flags of UNO nations.

Work Summarized
Summarizing accomplishments of the meeting of the Big Three in Russia, Dr. Landros said that while Mr. Byrnes had made many concessions she believed on the whole progress had been made. Speaking of the decision on atomic energy, she declared "there is more fuzzy thinking about atomic energy than anything else. What we must realize is that what we need more than the control of scientific discovery is control of the people who use that knowledge. Our hope lies

not in repressive measures. You can't bottle up knowledge with laws." Dr. Landros said that only two percent of the billions spent on the atomic bomb went for actual scientific research and the remaining 98 per cent went for construction of plants and engineering costs. The research was actually all done under peace-time conditions before the last war, the speaker said.

Mrs. M. N. Hogan, chairman of the foreign policy department of the Jackson County League, introduced Dr. Landros.

VOLUNTEER AIDES AWARDED PINS FOR NURSING SERVICE

Honoring volunteers who have given at least 200 hours of service in assisting registered nurses in the hospitals of Jackson county, including the Station hospital, Camp White, under army supervision, pins were awarded to 18 members of the Red Cross Nurse's Aide Corps at the Girl's Community club Friday evening.

Mrs. J. J. Rinabarger was especially honored by being one of eight Pacific area nurse's aides on the national honor roll, which hangs in the Red Cross rooms in Washington, D. C. Mrs. Rinabarger was presented with a copy of the scroll in booklet form, as well as a pin. She had piled up the huge total of 3,739½ hours from Sept. 1, 1942 to Nov. 10, 1944.

Mrs. Vivian Wilson is now eligible to have her name added to this scroll. Two thousand hours qualify for this honor. Also outstanding in hours are Mrs. J. C. Boyle with over 1,500 hours; Mrs. E. G. Randolph, Mrs. Shelby Tuttle, Mrs. Miriam Martin of Ashland, who contributed over 1,600 hours before accepting paid work in Ashland, and Mrs. Minnie Zahnnow. The first class trained in Medford consisted of Mrs. R. J. Rinabarger, Mrs. Tuttle, Mrs. Boyle, Mrs. Martin, Mrs. Zahnnow and Mrs. Mary Fawcett. Of this number, Mrs. Boyle is the remaining active member.

The Nurse Aide Corps in Medford has contributed 20,133½ volunteer hours from Sept. 1, 1942, to Dec. 31, 1945, according to a Red Cross spokesman. "This is comparable to any corps of equal size in the United States," and Jackson county chapter can justly feel proud of the fine record of this group of unselfish women who have given so generously of their time. Even though some have not been able to match the number of hours of these outstanding aides, they have the satisfaction of knowing that they did what they could."

Mrs. Robert Herriott, new corps captain, was in charge of the meeting, and assisted by Mrs. C. W. Gueches, retiring corps captain, presented pins to the following: Mrs. R. J. Rinabarger, Mrs. J. C. Boyle, Miss Mildred Dugan, Mrs. Bayard Getchell, Mrs. Donald Moore, Mrs. E. G. Randolph, Miss Barbara Randolph, Mrs. H. J. Roemer, Mrs. Shelby Tuttle, Mrs. Minnie Zahnnow, Mrs. Miriam Martin, Ashland; Mrs. Grace Brink, Talent; Mrs. Vivian Wilson, Mrs. Tom Emmens, Mrs. Wm. Ehrman, Mrs. C. W. Gueches, Mrs. T. R. Florey and Mrs. Robert Herriott.

PHYSIOTHERAPIST OPENS OFFICE AT GOLD HILL

Gold Hill, Jan. 28—Dr. Dolores Major, formerly on the staff of the San Francisco Laboratories, has opened practice here. Her office on the Pacific highway just inside the city limits is equipped to do physiotherapy work. She states that all major surgery and obstetric cases will be cared for at the Medford Osteopathic Clinic with Dr. George Jennings as surgeon and consultant.

Dr. Major attended California Medical college and the Los Angeles college of osteopathy.

MORE ACTIVITY IN REAL ESTATE SEEN BY BROKER

The current year promises even greater real estate activity than 1945 according to Ray Schumacher, broker, who Saturday reported ten deals consummated since January 1, most of them for substantial properties. The Schumacher agency closed 133 sales last year, he said.

Leading the list of business property recently handled was sale of the large Burnham apartments, corner King and 10th streets, to J. L. Cook, former owner of Cook's Beauty Parlor, and the sale of the former Judge H. D. Norton mansion, on south Oakdale avenue, to Dr. Paul Walker, Astoria dentist, who purchased the place from Mrs. Lillian Ehrheart for use as office and living quarters. Another business property sale involved purchase of the building at 902 North Riverside avenue by Mr. and Mrs. James L. Duckett, from Alvera Campbell. Mr. Duckett will manufacture and sell fishing flies and other sporting equipment.

Mr. and Mrs. Dan H. Adams have purchased the J. C. Berang property on the highway in Phoenix where a Butane service will be established, and they have also bought the home belonging to Dr. and Mrs. Houston H. Parsons, on West Main street in Medford.

The duplex and cottage on west 11th street belonging to Mrs. Don Marvin, has been sold to Mr. and Mrs. B. C. Kennedy, and the new home of Mr. and Mrs. E. W. Drennan, on Woodlawn avenue, has been sold to Mr. and Mrs. Ben L. Hitzler. Mr. and Mrs. Vic Milnes, of the Western Oil and Burner Co., and Mr. and Mrs. C. W. Thomson of the Rogue River Chevrolet company have purchased lots on Highland Drive from the Rev. and Mrs. D. D. Randall where they plan to build homes as soon as material is available.

PLANS CABINET SHOP AT SHADY COVE YARD

Shady Cove, Jan. 28—Construction of a 24 by 52 foot frame building for a cabinet shop will follow the completion of two sheds now being erected by Jim Buckmaster for his retail lumber yard here.

Buckmaster believes that the 20 by 100 foot double deck sheds will be finished in about two weeks. Their storage capacity will total 10,000 square feet. The buildings are being erected on an acre of property about one block from the Crater Lake highway and across the road from the Segessenman mill. Buckmaster is a building contractor.

PHOENIX HAM DINNER TO HELP MANSE PLAN

Phoenix, Jan. 28—Members of the Presbyterian church are hopeful that the ham dinner to be served the public Tuesday from 6 to 8 p. m. at the church will provide sufficient funds to permit erection of a home for a permanent pastor.

A sizeable sum has already been accumulated and it is believed that construction of the manse may be started in the near future. It has been found difficult to secure a pastor here because of the housing shortage. Contributions, financial or otherwise for the manse project will be appreciated, according to a church spokesman. Dinner reservations may be made by calling 6014, 6182 or 6010.

DUBACH TO SPEAK AT FIRST ANNUAL DINNER OF YMCA

Dean U. G. Dubach of Oregon State college will address the first annual dinner meeting and celebration of the Medford Y. M. C. A. to be held Feb. 4 at the club rooms. Plans for the meeting were made at a recent session of the board of directors.

Election of board members for 1946 and recognition for 1945 will also be on the program and special musical selections will be sung by Caroline Andrews, Werner and George Maddox.

The affair will be a buffet dinner for which board members will be hosts and invitations are being sent to a large number of persons interested in the Y.M.C.A. activities.

Ralph Cook, president of the board, has asked Mrs. George Maddox to serve as chairman in charge of the dinner and meeting and others on the committee are Mrs. W. H. Fluhrer, the Rev. George R. Turney, Mrs. W. R. Glass, Leroy House, Sam Colton, E. C. Corn, C. A. Meeker, A. C. Pierce, Mrs. Ben Schmidt and Mrs. H. O. Colburn.

Bishop W. E. Mammaker of Denver, of the Methodist church, says the postwar period needs to be "swept by a great wave of evangelism."

U OF O VETERANS FOR SMALL UNIT TO POLICE WORLD

Many veterans now at the University of Oregon believe the world needs "a small police force rather than large armies" according to Dr. Edna Landros, faculty member of the school who stated at a meeting here Saturday that she had conducted an unofficial poll among veterans at the school since "veteran opinion will be a co-gent factor in our efforts to prevent another world war." About 600 veterans are now studying at the university, she said.

Many of the ex-GIs are interested in the formation of an international air force under UNO, the faculty member said. A large number are studying law, she said, with the idea of becoming experts in international legal matters.

A "surprising interest," Dr. Landros said, is being shown by many veterans in the FBI, the men declaring that the FBI should be extended into a world espionage system comparable to those maintained by other world powers. Dr. Landros said this was probably based on the belief that even if 98 per cent of the world desires to live in harmony, there will always be a trouble-making two per cent minority.

The speaker, who teaches Greek at the university, is a student of international affairs and is state chairman of the Oregon League of Women Voters foreign policy department.

BIRTHS

MOORE—To Mr. and Mrs. Clifford, Rt. 4, Box 14, Jan. 28, 1946, a boy, 5½ pounds, at Osteopathic Clinic.

COGGINS—To Mr. and Mrs. Charles, P.O. box 1043, Jan. 28, 1946, a girl, seven pounds, at Osteopathic Clinic.

EMPLOYERS GAIN 1000 IN OREGON

Salem, Jan. 28—(U.P.)—While Oregon's labor force has been reduced nearly 100,000 from its wartime high in 1943 and 1944, the number of employers has been increasing steadily since V-E day, the state unemployment compensation commission reports.

More than a thousand employing units were added to the com-

mission rolls during 1945 bringing to 11,158 the total number of concerns covered by the commission.

BABIES SMOTHER
Inglewood, Jan. 28—(U.P.)—Two babies, both 2½ months old, smothered to death in their cribs yesterday. James Alfred Warden was pronounced dead after a fire department inhala-

tor squad worked over him for two hours. A few hours later, Walter Frederick Brandes died from suffocation at the home where his parents were visiting.
